War-Savings Stamps

"War Savings Stamps will provide financial assistance to the Government, an excellent investment for small savings; and a strong incentive to every-day economy."—SIR THOMAS WHITE, Minister of Finance.

Issue of 1919—Payable January 1st, 1924

The first issue will be offered from December, 1918, to December 31st, 1919, and each War-Saving Stamp of this issue constitutes the Government's promise to pay the sum of Five Dollars on January First, 1924.

Price, \$4.00 and Interest

During December, 1918, and January, 1919, the price of a War-Savings Stamp is \$4.00 in February, 1919, the price is \$4.01, and it increases one cent each month until December, 1919, the price is \$4.11—the extra cents representing interest earned.

\$4.00 Grows to \$5.00

Instead of paying interest twice a year, like a Victory Bond, the interest on a War-Savings Stamp accumulates, and is paid with the principal at the end of the term. Your \$4.00 grows to \$5.00 in the 5 years.

By financing the Government every individual is financing his own prosperity, as he enables the Government to develop the resources of the country, instead of leaving this duty to private enterprise.

In order to make it easier to acquire War-Savings Stamps, THRIFT STAMPS are issued at 25 cents each. These do not bear interest, but 16 of them affixed to a Thrift Card will be exchanged for a W.-S. S.

Issued under Authorization of National War-Savings Committee.

Sir HERBERT AMES, Chairman.
