93 Per Cent of Alberta Men Have Made Good.

Calgary, Alta., Oct. 4.—Out of approximately 5,700 returned men who have been assisted by loans from the Soldier Settlement Board in Alberta, more than 93 per cent are making good on the land, and of the two per cent remaining, very few are failures through any fault of their own, but rather on account of troubles over which they have no control. This is the message brought to Calgary by the field supervisors of the board, who yesterday were in conference in the Board of Trade rooms endeavoring to get an expression of opinion from the staff and the settlers themselves as to the best method to devise to meet payments of the loans made to the veterans.
