"SMILING DRAGON," LATEST AIR TERROR
This is a monoplane of the dragon-fly type, used by Lt. Nungesser, the French aviator. Despatches from the front say that he has brought down more than a dozen German planes. The front of the machine has a face painted upon it, and is smiling—perhaps because it is pleasant to be at the head of a death-dealing machine. A mouth with jagged teeth is cut into the front of the plane.

HARD, SELF-WILLED PERSONALITY

Is German Description of President Woodrow Wilson.
By Courier Leased Wire.
Berlin, Nov. 13.—President Wilson's attitude towards the warring nations of Europe is gradually changing, according to The Frankfurter Zeitung, which, in discussing Mr. Wilson's re-election, says: "Germany's relations with America depend in the highest degree upon the future views and sentiments of this hard and self-willed personality, but certain signs indicate that President Wilson is gradually taking a more unbiased standpoint than hitherto."
"How does it happen that large circles of American people, including nations of Europe, are gradually changing their opinion of the other great powers. Whatever one says about the vitality of pacifists' ideals we will commit the gravest error in underestimating their power over the American nation. Chancellor Von Bethmann-Hollweg would probably shrink from being regarded as a sentimental dreamer yet he unequivocally proclaims the goal of humanity to be 'agreements and understandings.' That contrasts very strikingly with the rude words with which former Premier Clemenceau of France ridiculed Wilson as 'this more than fantastic orator.'"
"President Wilson will have first to ascertain how the Entente stands toward his plans. Only then can he expect that Germany, which certainly has not been coddled by him, will occupy itself with his ideas."

Many German Vessels Sunk

Bombarded Port in Gulf of Finland, But Were Destroyed Off.
By Courier Leased Wire.
Petrograd, Nov. 13, via London, 3:48 p.m.—An official statement issued here to-day says that a majority of German vessels which took part Friday in a bombardment in the Gulf of Finland were sunk.
The German warships, the statement says, were 36-knot torpedo craft.

GREAT FOR THE BRITISH

Advance to Depth of Mile in Offensive Near Anero River.
By Courier Leased Wire.
London, Nov. 13.—The British opened an attack this morning on both sides of the Anero River, on the northern part of the Somme front. The War Office reports the capture of considerable number of prisoners.
London, Nov. 13, 4:24 p.m.—The British troops in their new offensive, north of the Anero River, have advanced to a maximum depth of one mile, capturing from the Germans the towns of Beaumont-Hamel and Saint Pierre Dion, according to the correspondent of Reuters' Telegraph Company, at British headquarters.

Why Hair Falls Out

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Dandruffine at any drug store. A little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.

Silver Securities

From now forward silver stocks will command greater interest among securities buyers.
The absorption of the white metal by Europe is proving a material factor in keeping the price of the metal close to the 70 c. mark, but the prospective buying promises to establish materially higher figures. A country-wide boom in silver securities seems inevitable. It should parallel the interest in copper during the past two years.
And, pursuing the policy that enabled our clients to take full advantage of the sensational movement in coppers, namely directing attention to these issues before the great investing and trading public fully appreciated their possibilities, we recommend the silver situation be closely studied.
More, we suggest the immediate purchase of Tonopah and Cobalt securities.
