...marketing them is important.
...They are altogether too good to
...turn over to the evaporator, but
...there is no way of grading them

...They are culled, and when that

Finard's Unimproved Cures Charge in Gypsies Used Man Trap to Murder Western Victim

Edmonton, Alta., Sept. 13.—It has been discovered that James McNulty, the former Norwood Ontario man, who was found dead near his shack on the Hudson River, a fortnight ago was murdered in a most cunning manner, and gypsies who were camped near by are suspected of the crime.

Detectives Moore and Shaw found two long strings each having one end tied to the bushes. To one string had been attached two tin cans so arranged that when shaken would make a sound like a cow bell.

Arranged so that it could pull the trigger of a gun was a string at the other side of the house.

The detectives argue that the cans were used to attract the victim from this hut and when he turned the corner to learn the cause of the ringing, the other string was pulled discharging the gun. The mounted police have gone after the gypsies.

Protection to Halifax Apple Buyers An Inspector and Helper Will be in Halifax All the Year Round to Inspect Fruit Sold in This Market

Halifax Herald
At the request of the members of the fruit and produce committee of the Board of Trade, the council past a resolution in effect that the Dominion government should be asked to appoint an inspector for apples for local consumption, in the same method as apples are inspected for shipment abroad. The matter was taken up with the minister of agriculture who past it over to J. A. Ruddick, cold storage commissioner, and the latter requested G. H. Vroom, Dominion apple inspector, to discuss the matter with the representatives of the Board of Trade.

A conference was held yesterday, when Mr. Vroom stated that an inspector and helper would be in Halifax all the year round to inspect the apples sold in this market. This is not a new appointment, Mr. Vroom

Western Men Are Well Favored.

Saskatoon, Sask., Sept. 10.—Cutting the grain is now well advanced, the weather during the past week has been peculiarly propitious for quick and economical operations. As was predicted from several reliable sources, the crop is showing up even better than expected. The ears are unusually plump, and are full to the tip. The grain is the finest sample that has been seen for years, and it is safe to say that so far as this district is concerned, No. 1 Hard will not be a rarity by any means.

Oats yield well, although it is not likely that the average per acre will be greater than last year. The quality, however, will be much better. Barley has been more hopefully handled this season, and, not merely seeded when all other work was done, and generally with the object of cleaning up dirty land. As a result, the profitable possibilities of the barley crop have been most encouragingly demonstrated.

Tame fodders and roots all show splendid yields. That this crop will be one of the best the West has yet given to the farmer, is now beyond argument.

Young Lady is Robbed in Toronto

Toronto, Ont., Sept. 15.—Miss May Love, of Winnipeg, who was on her way through this city to her home in Madoc to attend her mother's funeral was robbed last evening on Front St. near Young. At that point the street is well lighted with a large cluster of lights. A man knocked her down and tore away from her a chatelaine, containing her railway tickets and about \$600.

The Result of Orchard Heating

That the use of orchard heaters to ward off the killing frosts of Spring is a paying operation, especially in orchards of considerable size seems to be shown by the crop of peaches that was saved this year in the Tibbals orchard of Scioto County, Ohio. The owners, knowing of the possibilities of having their fruit killed kept crude oil burners burning throughout the frost season with the result that 4,000 bushels of first grade peaches, now about ready for market, were saved. Other operations are kept up as well as they devote their entire time to planting, pruning and cultivating the tract. The orchard, which covers 85 acres, contains 17,000 trees, and, although this is but the sixth year for them, there have been three crops of peaches one-third of the trees being full this year.—Farmers Advocate.

**Coughs, Colds
BRONCHITIS**

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhazone is breathed into the sore, irritated throat and bronchial tubes, because its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhazone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis, or Throat Trouble.

The wonderfully soothing vapor of Catarrhazone instantly reaches the outmost recesses of the lungs, produces a healing, curative effect that is impossible with a tablet or liquid, which goes merely to the stomach and acts entirely to help the throat or lungs.

To permanently cure your winter flu, your cough, croup, and Catarrh, by all means use a tried and proven remedy like Catarrhazone. But beware of the substitute and imitator. Look for Catarrhazone only. 50c and \$1. at all dealers.

Sense and Cents

Small Willie was entertaining his big sister's beau in the parlor. Mr. Green he asked how many pennies have you got? I haven't any at present, Willie, I'm sorry to say, he replied. Then mamma was right, continued the little fellow. She told sister last night that you didn't have any more sense than a rabbit.

Upset by Constipation
Distressing Indigestion, Stomach Gas, Palpitation, Constipation, Headaches.

"It is with intense satisfaction that I am able to relate how I was snatched by Dr. Hamilton's Pills from my bed of sickness," writes H. H. Sargent, a well-known hardware traveler residing at Cheltenham. "So many changes of diet brought on a fit of indigestion and liver complaint, but being very busy I didn't give the matter much attention. Headaches, awful attacks of constipation, and constant tiredness soon made it impossible for me to attend properly to business. My appetite faded away. I became thin and looked yellow and jaundiced. I used these different prescriptions, which physicians said would tone up my liver and regulate my bowels—but I got no relief at all till I started to use Dr. Hamilton's Pills. After taking them for a few days I was surprised at the energy and force I obtained; the old feelings of tiredness and lack of desire to work disappeared, and instead came vigor, energy, ambition, good color, improved digestion. I take Dr. Hamilton's Pills three times a week, and ever since have enjoyed the best of health. What's the use of feeling so fatigued, so stupid, and dull when Dr. Hamilton's Pills will give you such robust, joyous health. For all disorders of the stomach, kidneys, liver, bowels, no medicine compares with Dr. Hamilton's Pills. 25c per box or five boxes for \$1.50, at all dealers. The Catarrhazone Company, Kingston, Ont.
