

GinPills

FOR THE KIDNEYS

Sooth and Heal
Inflamed Kidneys

The great danger with Kidney trouble is that so many people try to cure the symptoms instead of getting at the root of the trouble. In backache, pains in the side, lumbago, swollen joints and ankles, and rheumatism, local applications are of little use—such as plasters, embrocations and liniments. Gin Pills go right to the Kidneys, healing and soothing these organs so that the functions are restored to normal and the pain stops.

So many thousands have been relieved of Kidney and Bladder trouble that you cannot afford to neglect the remedy for your trouble. All-dealers sell Gin Pills .50c. a box, or 6 boxes for \$2.50. Sample free upon request to

DEATH OF MRS. RICHMOND GAMMON.

The death took place at Quoddy on April 6 of Jennie, wife of Richmond Gammon. She was 32 years of age. She was a great sufferer, the only sick 10 days. She was beloved by all who knew her. She was a good neighbor and had a kind word for all. Besides a sorrowing husband to mourn she leaves six small children, the youngest is 17 months old and the oldest 10 years; also her mother, five brothers and one sister.

The brothers are Ernest, Frank, and Fred in Amherst, James with the C. E. F. overseas; William in Sheet Harbor, and Jasset in Quoddy. Her mother is in Sheet Harbor. She was a faithful wife and mother and is sadly missed by the family.

At the funeral the Pall bearers were, Jas. Oleany, Clarence Stuart, Jas. E. Scrivens, Hal. Gallagher, all members of the A. O. F., Count Victor, Port Dufferin of which the bereaved husband was valued a member.

The sympathy of the community is extended and also by Count Victor, A.O.F., to the bereaved ones.

A MEMBER OF COURT VICTOR, A.O.F.

SAFE IN ENGLAND.

Ottawa, April 22—It is announced through the chief press censor's office that Canadian troops which have arrived in England include infantry drafts from Nova Scotia; R. A. F. pilots; R. M. C. cadets, and Imperial recruits.

RETURNING OVERSEAS.

Robert C. Mills, who came home on furlough several weeks ago, returned to take steamer from an Atlantic port this morning via Amherst and Moncton. Since coming home he has visited Sydney, Pictou, Windsor, Springhill, and other points. His enlistment took place a few days after the war broke out. He has had nearly three years service in France, and will return to duty with the Divisional Company Signallers in 1st Canadian Engineers on his arrival at the front. We wish this gallant young soldier continued "good luck" in escaping any serious ill at the hands of the Hun.

Too Little Exercise

THE necessity of using medicine to regulate the action of the liver, kidneys and bowels is largely due to the changed conditions of life during recent years.

Our fathers lived a life of activity in the open air. If they ate heartily they had sufficient exercise to keep the liver and bowels active and to thereby remove the poisonous waste from the body.

To-day we get too little exercise and too little fresh air. The food we eat is more concentrated and artificial. The result is much discomfort and the development of serious disease from constipation of the bowels and torpid condition of the liver. Kidney disease, rheumatism, lumbago, backache—all have their beginning in the inactivity of the liver and bowels.

The great secret of keeping in health is to look to the regularity of these filtering and eliminating organs, and Dr. Chase's Kidney-Liver Pills is the most satisfactory medicine obtainable for this purpose.

If you read the reports appearing in this paper, from time to time, from persons who have used this treatment with good results, you will find that Dr. Chase's Kidney-Liver Pills are effective where ordinary medicines fail. This success is due to their combined action on the liver, kidneys and bowels. One pill a dose at bedtime as often as is necessary to keep the bowels in healthful action, will also ensure the regularity of the liver and kidneys and thereby keep the blood pure and the system free from the accumulating poisons which cause disease and suffering.

Dr. Chase's Kidney-Liver Pills

One pill a dose, 25 cents a box, all dealers or Edmanson Bates & Co., Ltd., Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. Buzzard, Black River Falls, Wis.

It is just such experiences as that of Mrs. Buzzard that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.
