TORTURED FOR NEARLY TWO YEARS

Mrs. Poulin Found Relief in Dodd's Kidney Pills.

Rheumatism, Backache, and Headaches Were Her Portion But Now She is a New Woman.

McCREARY, Man. Jan. 20.—(Special)—"Four boxes of Dodd's Kidney Pills made a new person of me." The speaker is Mrs. Oliver Poulin, of this place, and her numerous friends here fully verify her statement.

"For nearly two years," Mrs. Poulin continues, "rheumatism tortured me. My back and head also ached. My eyes were puffed and swollen. I am sixty-three years of age, and you can see I was a pretty sick woman. But Dodd's Kidney Pills cured me."

Mrs. Poulin is only one of many who have had a similar experience. They were weak and run down, and sick all over. Dodd's Kidney Pills cured them. How? Simply by curing the kidneys. The diseased kidneys were the cause of all the trouble. They were failing to strain the impurities out of the blood, and the result was disease all over the body. Dodd's Kidney Pills cured the kidneys, the impurities were strained out of the blood. The result was a pure blood and good health all over the body. The cause of the disease had been removed.

OBJECTED TO TAXES.

Both the Details and the Theory of the Thing Were Wrong In J. C. Case.

It is said that there is nothing real in certain of the world except death and taxes. Ever since the days of Zoroaster the lot of the tax collector has not been a popular or isolated one. In every civilized community some one has to undertake this unpleasant task. Even in the most remote regions there are roads to build, bridges to construct and other works to be carried out. The municipal authorities in all organized districts impose a levy or tribute in the shape of taxes. By those who understand the meaning and purpose of this universally enjoined obligation payments are often made grudgingly. It will be remembered many years ago that the people of Lower Township in the Gatineau country in Quebec refused to pay, and the militia had to be sent up from Ottawa to show that there was power and authority behind the exaction. Then the settlers and woodmen handed over the means. The story was widely published in the Canadian press at the time.

There are some residents in Tisdale Township, in the Porcupine district, who still entertain the same view and attitude regarding taxes as did the farmers of Lower Township. They demand only a few dollars. C. O. Weston is the tax collector in Tisdale Township, and his job is not a bonanza or sinecure, although Joe LaFrance, who resides at Meccanay Mines, evidently thinks that it is. Last month "Joe" was sent a tax bill for eight dollars. He had apparently never learned that there are no land taxes in the Porcupine district. These were all stipulated in the notice, and the tedium of Mr. Weston's work was relieved recently when he got a letter from "Joe". The letter is all the more amusing on account of the evident sincerity—the dead earnestness—in which it was written. Here is the letter as it recently appeared in the Porcupine Advance:

Meccanay Mines, Nov. 13, 1912.

C. O. Weston:

Dear Sir,—I have received from you a letter which say I have to pay \$8 for tax. I do not pay tax like this. You say that I have 13 mills, but there is only one mill at mine where I am mining, and I do not yet have a dog. Anyway I have not got no dog and if I have a dog I will kill him soon I pay \$3. I have no child which go to school and I am insulted for I am not a married man yet.

I have tax on your bill and you can go to hell before I pay you for a.

Winnipeg Police Honors

An item of interest in the recent New Year's honors was the presence of three Winnipeg police officers who received medals. Their exploits justify the recognition bestowed on them.

Ex-Chief McRae, who has been living in the city in retirement for many years, was mentioned in the honors. A long career of thirty years' service behind him, he having held every office on the Winnipeg police force from constable to chief.

William Frederick Traynor and Hugh J. Brown, who have been given the medal for heroic conduct in the performance of their duty, earned it Aug. 28, 1911, when they took part in the arrest of the notorious "Kelly and Jones" bandits—the McCum brothers—now in Kingston Penitentiary.

The brothers were seen before a posse of constables when Traynor, then a constable, rounded them up in a house on Rachel street. Traynor was badly wounded by the bandits as they came out, he having fired upon them twice, although covered from the start by four revolvers. Traynor is now desk sergeant in the Central police station. He has been on the force for seven years.

Brown, who left the force a few months ago after two years' service, was a constable who helped make the arrest. When he lay on a street car on which were the two men with drawn revolvers, fusillading the streets. A bullet passed through the leg of his trousers, but he was unable to assist to down the desperadoes.

Farmers Go Lumbering.

Within the past two months 15,000 men have left the prairie provinces for the British Columbia lumber woods, where they are spending the winter.

These men will work in the lumber camps during the winter and will return to their farms, or to their jobs on farms in Alberta and the two other provinces, in the spring.

The arrangement is one that is of great benefit to the prairie farmers. By it they can get on their farms all summer and then spend the winter at work in the woods. Both provinces benefit from their toil and the men make more money by working the year around than they would if they were idle all winter. Alberta needs the men in the summer, British Columbia needs them in the winter, and the farmers need the employment and the money.

Many of these farmers have taken their horses with them. By doing that they can make more money in the lumber camps and they will save the expense of feeding them all winter. The scheme all the way through is an ideal one.

Should Keep Cheese a Year.

Indifference of farmers and cheese makers as to the quality of cheese shipped into Montreal came in for round condemnation recently on the part of Mr. E. Foster of Knowlton, one of the witnesses before the royal commission, which sat there to investigate the methods of weighing cheese in Montreal. It is claimed that the makers of their cheese in such a green state that it shrinks before it arrives in Montreal, with a consequent shortage in weight.

"In the interest of the whole country, cheese should be kept for a year before it is sent out," declared Mr. Foster.

FOR WOMEN ONLY.

That is the nature of Dr. Pierce's Favorite Prescription—the one remedy for women which contains no alcohol and no habit-forming drugs. Made from natural medicinal forest roots. Dr. Pierce tells its every ingredient on the bottle-wrap. Prominent physicians and some of the best medical authorities endorse these ingredients as being the very best known remedies for ailments and weaknesses peculiar to women.

This is what Mrs. Genetrix E. Coffey, of Longstreet, Ky., says: "I feel it my duty to write and tell you what your medicines have done for me. I was a great sufferer for six years from a trouble peculiar to women, but I am thankful to say, after taking four bottles of your 'Favorite Prescription' I am not bothered with that dreadful disease any more. I feel like a new woman. When I first wrote you for advice I only weighed 115 pounds—now I weigh 135." "I thank you very much for your kindness. You have been as a father to me in advising me what to do, so may God bless you in every effort you put forth for good."

"I hope this testimonial will be the means of some poor suffering woman seeking health."

Dr. Pierce's Medical Adviser, newly revised up-to-date edition, answers hosts of delicate questions about which every woman, single or married ought to know.

(Courier Leased Wire).

CALGARY, Alta., Jan. 21—A shortage of beef in the Prairie provinces of Canada for a couple of years is the prediction of J. C. Hargrave, V. S. Dominion inspector of live stock for Alberta, who is in this city. He explains that the Western provinces are now in the transition stage between the days of plenty of beef and the free ranges and the day when a country will be full of cattle and that raising a few head of cattle and that a temporary scarcity will be the natural result.

A Deplorable Spectacle Witnessed

(Courier Leased Wire).

MONTREAL, Jan. 21—The spectacle of a man's body lying out on the sidewalk on St. Peter Street for an hour and ten minutes before it was removed by the morgue authorities was witnessed yesterday afternoon by thousands of people and at one time a band of men threatened to take upon themselves the care of the remains as a protest against the carelessness of the authorities. The body was that of Gen. Grigley, 50 years of age, Cloverdale avenue, who dropped dead. An ambulance was called, but when it was found that the man was dead those in charge of it refused to take the body. The morgue was at once notified but was unable to send a sleigh for the remains for over an hour. An enormous crowd collected and the police men who undertook to guard the
