MONET CORNERED.

His Conservative Opponent Gets Him in a Tight Place.

The Anti-Britisher Calls for Proof and is Surprised When it is Produced.

Montreal Star.

A joint meeting was held at St. Remi last night by Messrs. Monet and Cougal, the late Liberal member and the Opposition candidate. St. Remi has hitherto been a Liberal stronghold, but the adhesion of Mr. W. E. Picotte, a life-long Liberal, who has invested a greater part of his large fortune in that parish, and is highly esteemed by all classes, has had a splendid effect.

Mr. J. T. Cardinal denounced the Yukon scandals, and when Mr. Monet, as is his custom when in a warm corner, shouted, "Give us direct proofs," Mr. Cardinal produced a sensation by producing the following letter, written and signed by Mr. W. E. Picotte, one of the best known men in the county, and especially in St. Remi:

Montreal, Oct. 26, 1900.
Maximilien Cougal, N. P., and Candidate in Opposition to the Present Administration.

Dear Sir,—You ask me if the present Administration has protected the Klondike miners, and conducted business with justice and equity.

I answer, emphatically, "No." On the contrary, the miners are ill-treated by the employees and representatives of the Government, even by the very highest officials of the Government. They are subjected to all kinds of deception and extortion, and it is a specially, an unheard-of difficulty, to succeed in obtaining the registration of one's title to a claim. If a claim is regarded as a good one, it is seldom that the highest officials of the Government do not transfer it to their friends or keep it for themselves rather than enter it in the name of

the poor miner, who has made the discovery. Moreover, the dues which the miners are obliged to pay the Government are so heavy and large that they constitute a flagrant injustice towards the miners.

We uron on that account obliged to reduce the wages of the miner by about a quarter.

I call upon my friends and upon all whom I have favored to give you all the aid and all the support possible, in the hope of putting an end to that disastrous and insupportable regime. Believe me, Mr. Candidate, Yours most devotedly,

W. E. PICOTTE.

The reading of this letter turned the tables entirely, and the meeting proved an entire success for the Opposition candidate.

It is as asthma, bronchitis, croup, or any such trouble, use Vapo-Cresoline. All Druggists.

VALLEYFIELD STRIKE OVER.

Valleyfield, October 31.—The Labor troubles here are apparently about at an end. W. L. M. King, Deputy Minister of Labor, arrived here and had a long consultation with the strikers in the Town Hall. Mr. King also had a consultation with the officials of the company, and the result has been entirely satisfactory to the town of Valleyfield. The final result has been the promise of the authorities to withdraw the troops and the men have promised Mr. King to return to work in the morning.

MR. PILKEY'S BROTHER DEAD.

Reginald Pilkey, brother of A. E. Pilkey of the customs office, this city, passed away at the residence of his mother in Windsor, Tuesday afternoon, of kidney trouble. Mr. Pilkey was only 36, but held a responsible position in the employ of Mr. Clergue, owner of the Algoma Central Railway, the Sault electric road and many other enterprises. He had been sick for some time at the Sault, where he was employed. About six weeks ago his mother brought him to the family residence in Windsor, but he never rallied from the disease that had hold of him. The interment will take place in Brantford.

STILL THEY BOLT.

Two More Prominent Liberals Quit Their Party

One of Them Gives His Opinion of the Government at Ottawa.

The Galt reporter says:—Our old townsman, J. D. Mulholland, and his eloquence in several past elections, is in the present campaign using his energies to bring about the overthrow of the Reform government. Even he—and we do not think he is considered a paragon by his former colleagues—has lost his enthusiasm and sickened because of the corruption that exists at Ottawa. Mr. Mulholland has come out in strong denunciation of his party, which he says is "an apologetic conglomeration of ex-free traders, secessionists, reciprocityists, imperialists, protectionists and anythingists," and has written a letter to the Brantford Courier, explaining his position.

YET ANOTHER.

At a Conservative meeting in the interests of Mr. Lancaster, the Conservative candidate for Lincoln, held at Jordan on Saturday night, Reeve Zimmerman, of Port Dismusie, stated that although opposed to Mr. Charles Tupper at the last election, he is in line this time, and opposed to the Laurier-Tarte government. The great need of preferential trade and its desirable benefits were shown by the speaker, whose remarks were well received.

HERE IS A THIRD.

St. John, N. B., Oct. 31.—A rousing meeting was held here last night by the Junior Conservative Club. The last speaker to address the audience, which filled the large hall, was H. R. McLeilan, son of Mr. Blair's former colleague in the provincial government. Mr. McLeilan is president of the St. John Development Club, and has hitherto been a strong Liberal. He declared that Mr. Blair was unworthy of confidence, and would be defeated next week. He charged him with making political deals for his own advantage, and predicted his defeat with that of the government.

MR. COOK SWEARS

To His Charge Concerning the Senatorship Scandal.

He Will Produce Letters and Documents Proving it Before a Committee of the Senate.

Toronto, October 31.—H. H. Cook has made the following statutory declaration before H. Gordon, a notary public for the Province of Ontario:—

"Having made a statement to the effect that I had been asked by a person acting on behalf of the members of the present Dominion Cabinet, or certain of them, to pay a sum of ten thousand dollars in consideration of my being appointed a member of the Senate of Canada, and this having been called in question, I deem it my duty to make a plain statement to the public of the transaction or attempted transaction. I am the more convinced that it is my duty to do this because the Prime Minister, the Honorable Sir Wilfrid Laurier, has, I am informed, made a statement which he evidently desires the public to accept as a denial or authoritative contradiction of the aforesaid statement made by me. I therefore say that the facts in connection with this matter are as follows:—

"I was a candidate for election as the representative in the Dominion House of Commons for the East Riding of the County of Simcoe in the year 1896, and in that contest was supported by Sir Wilfrid Laurier and other members of the Cabinet as the candidate of the Liberal party.

"Failing of election for the East Riding of Simcoe, I made application to be appointed to a position in the Senate of Canada, then vacant. In connection with this application I had interviews with members of the Cabinet and others, and wrote and received letters from them, the originals or copies of which I have kept.

"After these negotiations had proceeded for a considerable length of time, I received a telegram from Ottawa from one of the leading Reform members known to possess the confidence of the Laurier Government, requesting me to meet him at the Union Station in Toronto. I did meet him, as requested, and he then showed me a letter, written and signed by one of the members of the Cabinet (for the purpose, as he said, of being shown to me), in which he was authorized to inform me that I could have the position I had applied for, provided I would do something."

"I thereupon asked him what this expression was intended to mean, and what was the 'something' I was asked or expected to do. He then informed me that I would be required or expected to pay a sum of ten thousand dollars. I told him very emphatically that I would not pay that or any other sum. He thereupon said that he would not accept my answer as final, but would see me again after I should have had time to give the matter further consideration.

"Later I again met him in Toronto, when he again told me that he was authorized to act positively that if I would pay the sum he had formerly named—that is, ten thousand dollars—I would be appointed a Senator. I again refused to pay any sum of money.

Your Throat.

Gargles can't go back far enough; sprays don't reach deep enough; but the air you breathe touches every part. Then why not put some healing medicine in the air and let them go along together? That is what Vapo-Cresoline is for. It puts the healing medicine right on the places that most need it. You now see why it so quickly cures sore throat, bronchitis, hoarseness, whooping-cough and asthma.

Vapo-Cresoline is sold by druggists everywhere. The Vapores and Lamps, which do not last a lifetime and a bottle of Cresoline complete, \$1.50; extra supplies of Cresoline 25 cents and 50 cents.
