## To Electors

To the Electors of the Parish of Brighton:

Six years ago you elected me to represent you at the Council Board and in two succeeding elections you again expressed your confidence in my administration of the affairs of the Parish. At the time of my election I was a resident of the eastern section of the Parish and naturally gave my special attention to the affairs of that section.

At the present time I am compelled to spend practically all my time in the front of the Parish and have not sufficient time to attend to Parish matters and especially to look after the eastern portion of the Parish. I have therefore decided to retire in order that the people of that section may cast an undivided vote for the candidate who resides there.

I desire, however, to take this opportunity to thank the Electors for the confidence which they have expressed in me in the past and my appreciation of the splendid vote which I always received. Trusting that you will give the new candidate, Mr. Smith, the same cordial support which you accorded me, I remain,

Yours truly,

E. A. BRITTON

Hartland, Sept. 28, 1915.

To the Electors of the Parish of Brighton:

Should you favor me with your confidence I will endeavor to conduct your business to the very best of my skill and ability, and will give it the same careful consideration which I would accord to my own.

Yours very sincerely,

FRED W. SMITH
