The players moved themselves greatly pleased the fans. Both teams played a superb game in the field, and this helped a lot towards making it interesting.

TORONTOS BEAT SHAMROCKS IN EXHIBITION GAME.

Toronto Outclassed Shamrocks---Tecumsehs Were Beaten by Capitals.

THE BLUE shirted Toronto, with their wonderful speed and lightning fast combination, put it all over the Shamrocks, leaders of the N. L. U. by a score of 12-1 at Scarborough Beach on Saturday.

It was just an exhibition game and the Irish may say they were not trying, but had the championship of the N. L. U. and the Minto Cup hung on the results of that game it would have been just the same.

INDIANS BEAT AT OTTAWA.

Ottawa, Ont., Aug. 30.—Tecumsehs met with another setback at Varsity Oval, Saturday, when, in a league game of the N. L. U. series, they succumbed before the Capitals by a score of 5 goals to 4.

FUTURITY RUN TO-DAY AT SHEEPSHEAD BAY.

Weather and Track Conditions Promise to Make a Great Race.

NEW YORK, AUG. 30.—(Associated Press despatch.)—Fair skies and a fast track are the indications that promise to make the twenty-second running of the Futurity at Sheepshead Bay after a memorable one. Fourteen two-year-olds are on the programme to face the barrier and race the six furlongs for the glory of winning the classic event, which was won first in 1888 by Proctor Knott from the mighty Salvador, and taking down the major portion of the purse of \$27,000.

second and fourth periods the Indian defence had the capital home smothered. Nevertheless, the capital attack players managed to tally goals when they were most needed, getting by their covers, and banging shots at Kinsman just when they were least expected.

NATIONALS TRIMMED CORNWALL Montreal, Aug. 30.—In a game that was interesting only at times and in which there were few features, Nationals won from Cornwall at Maisonneuve on Saturday by a score of 5 to 2.

When the barrier at Sheepshead Bay is raised, the blue polka dot colors of Jas. K. Keene, doubtless will rule favorites with that portion of the race-loving enthusiasts that places its money with its faith on the ability of a horse to win; but there hardly a horse in the race which by reason of past achievement in competition or because of fast time in preparation for the race will not carry the good wishes, not to mention good money, of its adherents. There is James McManus' Rocky O'Brien, to which the handicapper has allotted the honor of

bearing the heaviest impost. This son of Meddler last year at Saratoga beat Sweep, Barleythorpe, Candlerberry and Perry Johnson, all of which he will meet to-day. He is bound to have a large following, but the race is admittedly an open one, and should furnish a spectacular contest from the rise of the barrier to the wire.

COMMENT AND GOSSIP

The Hamilton Rowing Club's senior four kind of surprised the spectators at the Don regatta at Toronto on Saturday. And from now on Hamilton will enjoy greater prestige in the Queen City as a rowing town.

The boys returned from Toronto on Saturday night and brought with them an eight-oured shell, which they borrowed from the Argonauts. They had a try out in the new boat yesterday, and although the water was very rough they made good time, and will give a good account of themselves at the local regatta which comes off at the Beach next Saturday.

All the arrangements are nearly completed for the big regatta on Saturday, and judging from the number of entries that have been received from outside clubs it looks as though some grand sport will be provided. The Argos and Dons are each sending eights, fours and singles, and the St. Catharines club is sending a four.

Don Cameron will be "cox" of the Hamilton eight, and the boys will be out on the water every night this week to prepare for the big event.

Jimmy Cosgrave, the marvellous Argonaut single sculler, will be unable to compete here as he rows before the Harlem club at New York on Monday.

Says the Canadian Sportsman: All kinds of junk has been accumulated by Bobby Kerr during his career on the cinder path, but it is a good bet that he will appreciate the diamond pin presented him by his admirers in Hamilton on his return from England, a great deal more than anything else that he possesses. It was given him because he

had come home with a string of medals, for, as a matter of fact, Kerr failed to do what he had set out to accomplish, to wit, retaining the English championships, but as a tribute to his sportsmanship, A. truer or gamer runner than Kerr never put on spiked shoes. He is a prince of athletes, no matter which way you look at it, from heel to head. There are few men who would have spoken so flatteringly or taken defeat in such good grace as the clever Hamilton sprinter. He made no bones of the fact that Walker and Cartmell beat him fairly. "They are better men than I am," he declared, but the people of Canada have to be shown. The good news that Walker would visit Canada this fall was given out by Kerr, and then we will see what we will see.

It is possible that Willie Lewis and Sailor Burke may come together in another bout at the Fairmont A. C., New York. As Lewis cannot secure Papke as an opponent, he has decided to listen to Burke's demand for a return match. They got together the other day to talk terms and there may be something doing in a few days. Burke quit in their last mix-up and Lewis won easily, but only after he was on the verge of a knockout.

The Canadian Sportsman has issued a grand special Canadian National Exhibition number. It is dated August 27th, consists of 32 pages, with innumerable half-tone illustrations, interesting stories and articles by celebrated writers and a vast amount of miscellaneous matter. Among the articles of special note is one "Dammer Moose" by that celebrated writer, Douglas Clinch. It is a tale of New Brunswick, and is decidedly interesting. A story by the editor, H. J. P. Good, entitled "A Horse, A Man and a Girl." Then there is history of the pacer from the beginning, an interesting article on the thoroughbreds of England by one of England's most famous turf writers, Mr. A. W. Coates, and articles on the "Revival of Racing," "Royal Winners of Classics," "Royalty and the St. Leger," "Billiards All the Year Round" and many other subjects of sporting interest. Altogether it is doubtful if a better sporting paper has ever been issued on this continent.

ATHLETICS

Montreal, Aug. 30.—The annual games of the Caledonian Society brought out the usual large number of local athletes on the M. A. A. grounds Saturday. Frank Lukeman carried off individual honors, with five firsts and a third. His best performance was winning the 100 yards in 10 seconds flat, the seventh time this year that Lukeman has won in even time. In addition to winning the 220 yards and the 120 yards hurdles,

he captured the broad jump and the hop, step and jump, the former with 20 feet 11 inches. One of the best performances of the day was made by John Hemlock, an Indian from Lacabe, who won the five miles in 26:11.2.5. He is just rounding to form, and is expected to beat the Canadian record of 25:45, held by Bellairs, of New York, this fall. The meet marked the first big gathering of athletes in which runners of the two harrier leagues, one affiliated to the Federation, and the other to the C. A. A. U., competed together. The minute man should be up to the minute.
