

POOR CO

### MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound for years and never found any medicine to compare with it. I had ulcers and falling of the uterus, and doctors did me no good. I suffered dreadfully until I began taking your medicine. It has also helped other women to whom I have recommended it."—Mrs. HENRY CLARK, Glanford Station, Ontario.

Gardiner, Me.—"I was a great sufferer from a female disease. The doctor said I would have to go to the hospital for an operation, but Lydia E. Pinkham's Vegetable Compound completely cured me in three months."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 39, Gardiner, Maine.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

## Shakeup Promised In Police Circles

### Temperance Alliance Gets After the Town Officials and Improvement is Promised

#### ENFORCE LOCAL OPTION

A warm meeting of the Temperance Alliance was held after the regular service in the Opera House Sunday evening. The attendance was not large, but those present made up in earnestness for the lack of numbers.

The various town officials responsible for the enforcement of the license law, from His Worship Mayor Murray who was present on invitation to the

police officers were severely criticised and His Worship promised that he would bring the matter up at once and have the law properly administered.

The Graphic learns that an effort is being made to procure a thoroughly capable man for the police force, and it is likely the matter will be dealt with at today's meeting of the town council.—Graphic.

#### MONCTON

Moncton is still without natural gas and a street railway, but by this time next year we believe both these institutions will have worn off the novelty.

Mrs. Connolly, who was committed for trial for obtaining money under false pretences, is plying her business as usual and her little time light episode is only advertising her business. She positively avers she had no intention of "doing anybody."

Not many people are seen drunk on the streets these days. If they get boozed (and there are a few places where they can), Chief Rideout sees they are taken care of behind the bars before they have made much of an example of themselves.

The Thomas Connolly trial did not take very long this time. The first trial the jury stood 7 for conviction and 5 for acquittal. This trial there was 10 for conviction and 2 for acquittal. The prisoner is let go on his own recognizances. Why not another trial? Collins had three.

Mr. Gideon D. Reid of Albert Co., is now in the toils for having thrown a stone through a window, but it did not strike anyone. The question which is being asked now is, "Would it have helped Mr. Reid to get clear if the stone had struck a man and killed him?"

Yesterday an old familiar figure was carried to his last resting place. Mr. Alexander MacAulay, who for over thirty years has stood at Main Street Crossing to warn people of the danger of trains, was followed to his grave on Sunday, Oct. 9th. Many a ten was seen to fall and many a sigh was heard for poor old Sandy, for whom everybody had a good word, and who was the soul of honesty and candour. Sandy was as cheerful as could be expected under the circumstances, for when a young man he had the misfortune to have both his arms cut off near the shoulders, and that is why he occupied the place at the crossing. With his artificial arms he was always ready and willing to do his duty as well as he could and many lives have been saved by his timely warning. Many people wondered why Sandy was not sent home and allowed to draw his pay, rather than endure the living death which was his until one day last week when the welcome end came. He was taken to the hospital for an operation, but was not strong enough to stand it. His funeral was conducted by Rev. D. McDerm, pastor of the Presbyterian church here, of which the deceased was a consistent and much loved member.

#### \$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system. Liberally destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75 Cent. Take Hall's Family Pills for constipation.

## BAD ACCIDENT TO DRIVER SMALLWOOD

### Had Hip Dislocated and Back Injured While Working Around his Engine.

I. C. R. Driver Smallwood met with a serious and painful accident at the I. C. R. station about 2.30 o'clock Tuesday afternoon in Moncton.

Driver Smallwood was to have taken out the Montreal half of the Ocean Limited, and while kneeling on the driving rod of his engine the shunting engine ran against the other end of the train, moving it ahead about three feet.

In his position, kneeling on the driving rod and leaning over doing the oiling, the rod raised with the revolution of the wheels, catching the unfortunate man and doubling him up against the upper part of the engine.

His leg below the knee was severely cut, his back was injured, and he received several minor injuries about the lower limbs and body.

Dr. Bourque was immediately summoned, and he arrived on the scene of the accident with despatch. He made a hasty examination of Mr. Smallwood's injuries, but at the time was unable to determine whether serious or internal injuries had been received or not.

Mr. Smallwood was removed to his home on Highfield street.

On examination of Dr. Price later, it was found that Mr. Smallwood had his left hip dislocated, which was put back into place and also a deep gash was inflicted in his left leg below the knee, which was dressed.

Mr. Smallwood's many friends will be very glad to learn that his injuries are not dangerous, as was at first feared, although he will be laid up some weeks.

Mr. Smallwood is a brother of Cameron Smallwood, Newcastle.

#### OCTOBER MAGAZINES

One of the breeziest descriptive articles of the season appears in THE CANADIAN MAGAZINE for October under the title "Calgary: A Study in Optimism." The author is Miss Jane Pratt, a writer whose name is not as yet very generally known. This article is well worth reading.

While it gives some impression of Calgary in a commercial way, its chief charm is in the naive manner in which an insight is given into the daily life and spirit of the people of this city of the fenchills. A more serious article is contributed by Stuart Jenkins, and entitled "Is the Old Roman Race Still Dominant?" in which the author claims for the people of Great Britain a perpetuation of the Roman type that once dominated the whole world. "Damasus the Trempress" is the title of a fine travel article by A. R. Carman, and "The Continuity of Municipal Policy" is a well thought out consideration of local government.

Frank H. Newton gives a good account of the new domain in Northern Ontario, in which he predicts an important future for that part of the Province. The last act of Arthur Stringers fascinating drama The Blot appears in this number as well as several other good articles and a number of absorbing short stories and sketches.

### Delicious Doughnuts

Good doughnuts are good food. Made from the right flour they are not only a delicious treat but the combination of right flour with fat is distinctly nourishing. You see I put special emphasis on right flour. For it is very important. It means the difference between light, flaky, crumbly doughnuts that melt in your mouth and are easy to digest, and tough, rubbery greasy wads of dough, heavy, soggy, indigestible. Try making doughnuts from

### "Royal Household" Flour

Notice how rich, soft, and flaky they are. And the reason is that "ROYAL HOUSEHOLD" being richer in high quality gluten than ordinary flour resists the absorption of too much fat in cooking. It doesn't get rubbery, makes a lighter dough, absorbs just enough of the fat for nourishment, but not enough for indigestion. The absolute uniformity of "Royal Household" enables you to get the same splendid results every time both in Bread and Pastry.

Try "Royal Household". Find out for yourself. All grocers sell it or can get it on short notice. "Ogilvie's Book For A Cook" Contains 125 pages of carefully selected recipes that have been tried and tested, sent free on request. Mention name of your dealer. The Ogilvie Flour Mills Co., Limited.
