Kitchener Responsible for Hoax Which Fooled Germans

Had Effect to Some Extent for the Retreat of
Gen. Von Kluck From Paris

London, Friday, Feb. 19.—The famous hoax of the first weeks of war, which a body of Russian soldiers said to number from 100,000 to 200,000 men was reported to have circled around from Archangel, landed in Scottish ports and had been shipped through at night to reinforce the British force in France, originated with Lord Kitchener himself, according to a statement made by a British officer to a correspondent of the Daily Dispatch.

It is a noteworthy fact that although the myth spread like wild fire through the United Kingdom, with any number of witnesses to swear they had seen and talked to the Russians in their native language, the press bureau did not issue an official contradiction for a long period.

The Russian story, says the British officer, was designed to impress the German commanders in Belgium and Northern France, and to keep them in fear of a surprise flank. It accomplished its purpose, for this dread was real among the German staff, and accounts to some extent for the retreat of General Von Kluck from Paris.

To give color to the report, Lord Kitchener is said to have caused a hundred transports, laden with sundry goods, to be sent from Scottish ports to Archangel, after insuring them in Holland.

And when the British troops were moved from various points in Scotland and the north of England to the Channel ports, he ordered the blinds of the trains to be lowered so as to arouse popular curiosity and speculation.

Tiring, Ceaseless Back-Ache Can Be Rubbed Away To-Night

Relief is Almost Unfailing
From Even the First Application

RUB ON NERVILINE

Cold has a vicious way of finding out aching muscles or weak joints. How often pain settles in the back, causing inflammation and excruciating soreness. Stiffness and aching all over follows.

An application of Nerviline at the start gives immediate relief and prevents worse trouble.

When the pain is very acute, Nerviline has a chance to show its wonderful penetrating and pain-subduing power. It strikes in deeply, and its strike-in-deep quality quickly proves its superiority to feeble remedies.

Then this goodness is magnified by its strength, easily five times greater than most liniments.

Surely so powerful and curative a liniment as Nerviline offers perfect security against pain.

Nerviline is the only guaranteed pain remedy sold in Canada. Forty years of success in many countries warrants its manufacturers saying, if it does not relieve, get your money back.

No curable pain, not even neuralgia, lumbago, sciatica, or rheumatism can resist the magic power of Nerviline. Try it on your tired back, let it ease your sore muscles, let it take the swelling and stiffness out of your joints. It's a marvel—thousands say so that use Nerviline.

The large 50c. family size bottle of Nerviline is more economical than the 25c. trial size. Buy the larger size today. Sold by druggists everywhere, or the Catarrhose Co., Kingston, Canada.

March 1.—James O'Leary, second son of Mr. and Mrs. John O'Leary, and one of our most esteemed young men, died here Saturday morning after 4 days illness. Mr. O'Leary who was in his 20th year had been working in the Maine woods some months and returned home about 10 days ago, having finished his job. He was stricken Monday last with severe pains in his bowels and a doctor called but as the medicine had no effect it was found that he had a serious bowel trouble and Dr. Myers of Moncton was called to operate but the operation was useless, and he passed away a few hours later. Mr. O'Leary is survived by his parents, two brothers, Patrick and Robert and three sisters, Wilhelmina, Catherine and Margaret. The funeral will be held tomorrow. Interment will be in the Catholic cemetery after Requiem high mass will be celebrated by Rev. P. Hebert.

Another sad death took place here yesterday when Placide Gallant, eldest son of Mr. and Mrs. George Gallant, died of blood poisoning. He had been working in the lumber woods in Maine when he had the misfortune of cutting his great toe and part of a foot. He returned home and blood poisoning set in which caused his death. He was 25 years of age and leaves his parents and 8 brothers. It is strange to say that those two young men met in Moncton and returned home the same day and both will be buried tomorrow in the same cemetery.

The monthly business meeting of the Red Cross Society was held Thursday evening at the home of Mrs. Frank McIsaac. The reports show that good work has been done by the society. Many socks are being knitted at present.

Alexander MacGregor returned Friday from St. John where he had been to see his son Willie, who was ill, but is better.

Sick Headaches

Permanently Cured

Dr. Williams' Pink Pills Correct
the Cause This Trouble

There are few ailments that cause more genuine misery in the home than attacks which are generally termed sick headaches. The attacks are often periodical and when the mother of a family is prostrated at intervals there is not only her own suffering to consider, but the discomfort caused the other members of the household. Sick headaches arise from a variety of causes, and most of them can be relieved or cured through the tonic treatment with Dr. Williams' Pink Pills. Mrs. Hugh Docherty, Rocaville, Sask., says: "I suffered for years with what the doctors called nervous prostration and sick headache. When these spells came on I could not work nor walk, and the pains in the head were almost unbearable. At times the pain in my head was so dreadful that I feared it would drive me mad. I tried four different doctors at times, and not only took bottles of medicine, but quarts of it, but to no avail. Then I quit taking medicine altogether and tried dieting, but it made no difference. I was still an agonizing sufferer. Finally my husband urged me to try Dr. Williams' Pink Pills and got me a supply. After taking the Pills for some weeks I felt a little better and I gladly continued their use. My nerves began to feel stronger, the terrible headache came with less frequency, and after taking the Pills for some months disappeared altogether. From that day to this I have had no return of the trouble, and all who knew of my illness regarded my cure as marvellous. I cannot say too much in praise of the Pills as they certainly saved me from a life of almost constant agony."

It is by building up and enriching the blood and strengthening the nerves that Dr. Williams' Pink Pills work seemingly marvellous cures, and what they have done for others they will do for all ailing people if given a fair trial. If you do not find these Pills at your medicine dealer you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

PRINTING

FINE PRINTING IS AN ART

Do you know good printing?

Do you like good printing?

Do you know that it always pays to have the BETTER kind?

Perhaps you have been used to the one class of printing and know no other.

If this is so, it is time for you to have a look around and investigate and see what's what.

Do you know you do not have to go any farther away than Newcastle to obtain the BETTER class of printing.

Perhaps you have not given it a thought, but a great deal depends on the stock used in order to get a BETTER job. Investigate this.

Last, but not the least, do you know that The Advocate Job Department turns out only this BETTER class of work. If you will read on a little further, we will tell you how and why.

1st—We cater to that class of people who use only the best stock, and who know what BETTER printing is.

2nd—In order to give these customers the class of work they want, we have to keep in stock only the best grades of material. We do not handle cheap lines.

3rd—In order, again, to be able to turn out that BETTER class of printing, we employ only experienced and competent printers, who keep abreast of the times and watch the styles.

4th—What is as important as the above is equipment. If The Advocate Job Department was not fitted out as it is, with the most modern machinery and the very latest in type faces, it could not handle the fast growing trade, that has developed in the past year, of turning out that BETTER class of printing. Only the best inks are used, because this is necessary when high grade stock is used.

Now, Mr. Business Man, if you will read the above over carefully, see how your supply stands, then get in touch with this office, we feel sure you will become a customer. Give up that old-fashioned notion that first class printing comes only from the large city printing offices. As a matter of fact, the reverse is the case, and prices are invariably lower.

REMEMBER THAT DO WE ALL KINDS OF PRINTING

For commercial use, we have superior grades of Letter, Note and Bill Head Stock, at prices and quality to suit any business and any purse. Our prices range from \$2.50 to \$4.00 per thousand for Letter Heads, and from \$2.50 to \$3.25 per thousand for Envelopes. Our Envelopes are the same material as our papers, and therefore match. We are always pleased to submit samples of stock, and prices, on application.

More Business

IS WHAT WE WANT

You want the work—we want to do it for you. We have just the grade of paper you want, so why not let us get together in a co-operative way and make a strong pull for increased business—more business than usual.
