

30 Days Hard Labor

"JUST a minute, your worship."

AN Officer in uniform steps forward, and holds a quiet conversation with the magistrate and other court officials.

THE story is simple and oft repeated. Just a lad—in this case from New Brunswick. Got into fast company. Gambled, took money from employers. Hoped to win and pay it back.

FOUND out—arrested and jailed.

OF course he's sorry—but the Officer has sized him up. Believes he has the stuff to make a man of. Knows that a jail sentence may only harden him and start him on the road toward continued criminality.

THE Officer in uniform was the Salvation Army Probationer. By manly counsel, supervision and prayer he enables the lad to regain control of himself and get another start, free from the stigma of a prison sentence.

IF someone you know makes a false step don't judge them harshly.

THERE is so much good in you know.

NR Today—Keeps the Doctor Away

To live and be healthy, your body mechanism must properly digest your food, extract all the nourishment from it and promptly throw off the waste that is left. This is accomplished by the processes of digestion, assimilation and elimination—the work of the stomach, liver, kidneys and bowels. The failure of any of the vital organs to do its work, may try and strain the action of all the others. A forced bowel movement does not help constipation; it only relieves for a few hours the condition that constipation brings about. Now if you are used to taking so-called laxative pills, cathartics and the like, you know exactly well you've got to be taking them all the time. Moreover, if you stick to any one laxative, you've got to be increasing the dose all the time. That can do you a lot of harm. Stop dosing yourself with such things just long enough to give Nature's Remedy (NR Tablets) a trial, and let the results show the difference. NR Tablets are not mere bowel movers; their business is to correct the condition that

genuine, lasting benefit; to improve your digestion and assimilation, give you a good hearty appetite, regulate your liver and bowels, tone up kidney action and give your poison-clogged body a good cleaning out. Nature's Remedy (NR Tablets) is not harsh; it is mild, easy, pleasant in action; no gripping or pain ever follows its use; but it is thorough and sure. By its action on the digestive system it promotes assimilation, which means extraction of full nourishment from your food, and thereby gives you new strength, energy, better blood, better appetite. By toning, not stirring your lazy liver, NR sends bile into the intestines, improving intestinal digestion. Lastly, by gently encouraging more vigorous bowel and kidney action, NR drives poisonous impurities out of and cleans up your body. Try Nature's Remedy (NR Tablets) and just see how much better you feel in every way. Get a 25c box today and take one each night for a week. You'll feel better in your life. Suffered Three Years Until She Tried
"FRUIT-A-TIVES"

DAME PETER LAMARRE

Pointe St. Pierre, P. Q.

"I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good.

Then, I used one box of 'Sootha-Salva' and two boxes of 'Fruit-a-tives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvellous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Sootha-Salva' and 'Fruit-a-tives'.

'Fruit-a-tives' cooled the blood and removed the cause of the disease, and 'Sootha-Salva' completed the cure."

Winter Weather Hard on Little Ones

Our Canadian winters are exceedingly hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for an airing. The consequence is that baby is confined to overheated badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy. They are a mild laxative which regulate the stomach and bowels and thus prevent colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

THE GREAT HEALTH RESTORER

South Brookfield, Queens Co., N.S., Oct. 1919.

"Our little girl was very sick with Stomach Trouble and different foods were recommended, but everything failed until a nurse told me to give her OLIVEINE EMULSION. She is now a big, healthy baby and I would not be without it in the house. For coughs and colds and as a health builder, it is the best to be had. We recommended OLIVEINE EMULSION to quite a few who were suffering from the effects of influenza and they used it with good results." (Name on request)

OLIVEINE EMULSION is more than an ideal cough remedy, to pave the way for a quick recovery from heavy colds and deep-seated coughs. It is a body builder—gives strength to the weak—tones up and invigorates the whole system. It is pleasant to take and is especially adapted to the most sensitive stomach.

TO SUBSCRIBERS
It is our intention to draw sight drafts on all subscribers who are in arrears to the Union Advocate. Before doing so, we would respectfully request those in arrears, to kindly send in the amount due by them at once. By so doing the necessity of drawing drafts will be eliminated. We have a large amount due us by subscribers, and have repeatedly asked for their remittances. Some have responded, others have not, and we are compelled to take the above measure. It costs money to run a newspaper, and since newsprint has advanced to such a high figure, we must collect our subscriptions which are in arrears.

When remitting kindly notice the date of the tag on your paper and if not paid up to 1920, compute from date of tag to corresponding month in 1920, at \$1.50 per annum. We are sure that your remittance is correct.
