A. D. FARRAH & COMPANY

FITTINGLY OBSERVED HOSPITAL DAY

Hospital Day was fittingly observed on Friday May 12th, in the Miramichi Hospital, Newcastle. The Hospital was open to all visitors from two to five-thirty p. m. Registered nurses were in attendance and visitors were conducted through the Hospital for thorough inspection. The Superintendent, Miss Eliza Keyes who gave herself unreservedly for the success of this initial observance of Florence Nightingale Day in Newcastle, received the visitors with the President of the Miramichi Hospital Aid, Mrs. C. C. Hubbard, and other members of the Executive. The visiting public found every department of the Hospital thoroughly equipped with every modern appointment, and scrupulously clean and sanitary. The splendidly appointed Baby Room, the gift of the Chatham auxiliary was a delight to all and many were surprised to find such a hospital, perfect in detail commanding a beautiful view of the charms of the Miramichi from its spacious balconies and restful in atmosphere. Miss Keyes is deserving of much praise for the high excellence of this institution and the very efficient manner in which it is being run and conducted. She is very fortunate in the efficiency of her trained nurses and in the type of young women that are under-graduates. It is only what one would expect to find that the diet of the patients and others is of the most satisfactory kind when the Hospital is favored in having Mrs. L. Ingram as House-keeper and general overseer. Indeed there is no Hospital better equipped anywhere, and can only be excelled in size.

A very successful Musicales and Tea were among the features of this auspicious day. Tea was served in the foyer of the hospital, Mrs. Jos. Sargeant, President of The Red Cross and Mrs. Fred Tweedie President of The Chatham Miramichi Hospital Aid Auxiliary presided over the table beautifully decorated with La France Roses, members of the aid served. It was a special pleasure that Mrs. W. A. Park whose son Frank was injured a few days ago was able to be present and receive assistance by Mrs. Freeman Copp, Mrs. Osborne Nicholson and Mrs. Robert Nicholson. The Musical Programme under the direction of Prof. Liscombe was greatly enjoyed and appreciated Miss Eileen Brett, daughter of Colonel W. Brett again favored the Hospital with her violin. Her rendition of old English airs with the British Grenadiers delighted everyone as she played them in her usual unobtrusive and artistic style, quite characteristic of Merry England.

Miss Florence Price and Miss Benson were in splendid voice and ren-

FATAL ACCIDENT OCCURS AT NELSON

One of the saddest accidents recorded hereabouts occurred at Nelson Saturday afternoon when Edward Fletcher, aged 14 years son of Councillor Fletcher lost his life. The young fellow had been working with a horse and cart in a back field on his fathers farm. He was returning to his home and stopped to open a gate. When he again attempted to get on to his cart, the horse started and the young teamster lost his footing and passing over his neck killing him instantly. The only witness to the unfortunate occurrence was a younger brother who was riding on the hind end of the cart. Much sympathy is expressed for the bereaved family.

HEROIC COUPLE

TO GO IN EXILE

Word was received here yesterday that the Rev. Henry T. Cousins Ph. D., F. R. G. S., a Baptist minister, well known in Newcastle, of which he was several years a resident, has been appointed by the United States government to a place on the staff of Federal hospital No. 26 in Louisiana, a state partly settled by Acadians exiled from these provinces, whose descendants form an important part of population there at the present time. The significance of the announcement of the appointment is that Rev. Dr. Cousins and his wife will voluntarily exile themselves by entering a leper colony, possibly never to return to the world. They will consecrate the remainder of their lives to the task of comforting the isolated lepers, whose fate is sometimes called a living death. Rev. Dr. Cousins will not be the only clergyman at the colony, however, as for some time there has been a Roman Catholic priest stationed there. The priest is also devoting his life to the comfort of the afflicted. The former New Brunswick man will be the Protestant chaplain at the hospital.

dered their numbers with very smooth finish, true intonation and an expression that was never exaggerated. Mr. Charles Dickson Jr. was warmly received and heartily encouraged. Mr. Moody was listened to with evident delight and it was the regret of all that they could not hear him in other additional numbers. Prof. Liscombe is to be congratulated on the work of his gifted pupils.

A most delightful feature of the day was the presentation by Grade Five, Harkins Academy of mayflowers with greeting card attached to every patient in the Institution also a bouquet to Miss Keyes. This exquisite thought was a most charming contribution and the sunshine that it brought to the patients made up for the lowering sky and intermittent showers that characterized the day.

MARY PICKFORD

IN
"THE LOVE LIGHT"

In this picture there is a humanness that is decidedly unusual, that will appeal to every type of man, woman, boy or girl.

First of all—It's a Mary Pickford Picture—and you all know she is the greatest star in the world. It is a picture interesting to the children. It's Mary as they love her. It's filled with comedy that they will enjoy.

Remember the Dates and do not Fail to see the Picture
