# MARSHALL BROTHERS.

## City Council.

A full Board was present at last night's meeting.

In reference to the letter in one of the daily papers about W. Harris being given the job of repairing the roof of the City Hall, Councillor Mullaly explained that he and not Councillor Martin proposed giving the work to Mr. Harris.

A letter was read from Mr. J. Harris of the Board of Works, saying that the Board members were willing to find half the cost of erecting new lights if the Council would pay the other half.

Letters from the Premier and the Commercial Cable Co. were held over from publication to-day from lack of space. Mr. Gerard objects to any tax which discriminates against those as a Cable Co., particularly as they are debared from doing local business on their own behalf.

Councillor Mullaly took strong exception to the newspaper comments on the action of the Council in fixing the Cable Co's tax at the reduced figure at a recent meeting.

Councillor Martin defended the old Council in what they had done.

The Whitney Law Co. asked for a copy of the law taxing foreign companies.

The Gas Co. asked for more information re the complaint about their lights being out.

Mr. Dooley wrote to say that he had kept up a light at his own expense on Quid Vidi Road.

Permission was granted to Miss Knight to repair her house at Hutchings Street.

E. M. Jackman was given leave to build a brick wall in the rear of his place.

Permission was given to Mr. Hayse to repair house on Wickford Street; the repairs are only temporary.

The Engineer will be asked to report on the complaint that a stable on Freshwater Road is too close to Phelan's house.

J. Connell will be given leave to repair house on Circular Road.

Councillor Mullaly brought up the question of the tax for water rates on the proposed Seaman's Home. He drew attention to press comments on the subject. He objected to the proceedings of that meeting having been made public and deprecated the insinuation made in the Plaindealer that Mayor Ellis was influenced in giving his casting vote because he had the contract to erect the building. A vote of confidence in the Mayor was then proposed by Councillor Mullaly, seconded by Councillor Ryan, and carried unanimously.

A discussion on Mr. Rooney's rate of wages followed. Councillor Channing contending that he should not have been paid for a half day when there was no work doing. A long discussion followed on this matter in which Councillors Martin, Channing and Mullaly took part. The best thing that was said during the whole hour was uttered by Councillor Mullaly who hit the nail on the head as far as outside opinion is concerned. Here it is:—"The people are sick and tired over this silly discussion, and they would be better pleased if the Council would spend its time in a manner more useful to the taxpayers."

After passing of the pay rolls and weekly bills the meeting adjourned at 10.30.

## German Antarctic Plans

Lieutenant Flicher's Expedition Sails for South Next Spring.

Berlin, December 2.—Lieutenant Wilhelm Flicher, of the general staff of the army, and leader of the projected German Antarctic exploration expedition, says that \$175,000 has been contributed towards the enterprise and that he is arranging to sail next spring.

A Norwegian whaling vessel is being overhauled for the use of the exploration, and the officers and crew are being chosen.

Lieutenant Flicher will push forward as far as possible in the Weddell Sea before the winter of 1911 sets in, when he will establish a base for further operations.

## Certainly Ends Stomach Misery.

Indigestion, Gas, Heartburn, or Dyspepsia go in five minutes.

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapepsin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes belching, dizziness, a feeling of fullness (like a lump of lead in stomach), biliousness, heartburn, water brash, pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Pape's Diapepsin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.
