Selected Salt Herring.

Obituary.

MR. JOHN SYME.

Today we record with deepest regret the passing of Mr. John Syme, which sad event occurred at his late residence, Waterford Bridge Road, after a very brief illness of two days' duration. Deceased, though he had passed the allotted span, had been out and attending to his usual business activities on Wednesday last. He was a well known Commission Agent and a citizen held in great regard. He was a typical Scotchman. Born in Irvine, Ayrshire, Scotland, in 1843, he came to this country 20 years later and entered the firm of James and William Stewart. A few years afterwards he accepted a position with Messrs. Rutherford and Co., Harbor Grace. Subsequently he entered the office of his former employers and remained there several years. At the inception of the elective Municipal Council he was appointed Treasurer and held this position until he took up business for himself as a commission agent. He was remarkably successful at this business and built up a substantial trade.

He took a keen interest in athletics and for many years was a prominent member of our Regatta Committee and an ardent lover of the roari' game. He was twice married and is survived by a widow, two daughters, Mrs. W. P. Rogerson and Miss Mary, seven sons, Quinton and Frank of the firm of Syme, Engle and Company, Chicago; Charles, in the New York Bank of Montreal; Thomas and Graham, also in the States; Dr. William in Glasgow and Arch in school in Toronto, and to all of whom the Telegram offers its sincere sympathy in their hour of bereavement. The funeral will take place to-morrow, at 3 p. m., from his late residence, Waterford Bridge Road.

Grand Lodge.

D. G. M. SQUIRES RE-ELECTED.

Yesterday the officers of the Grand Lodge, L. O. A., were elected at Carbonear as follows:—

- D. G. Master—Hon. R. A. Squires.

KOSSUTH died 1894, aged 62. Hungarian patriot and leader, who in the struggle for his country's freedom in 1849 was for a time successful but ultimately had to acknowledge defeat and fly to Turkey and England. He was buried at Pesth, the occasion being made one of national demonstration.

HENRY IV. died 1413, aged 46. The son of John of Gaunt. He succeeded his father in 1399 and his reign was full of plots and insurrections.
SIR ISAAC NEWTON died 1726, aged 85. The great mathematician and philosopher, whose scientific discoveries were of the utmost importance, including the law of gravitation and the method of fluxions, which he also effected considerable improvements in the telescope.

HENRICK IBSEN born 1828. The Norwegian dramatist, whose works excited a considerable amount of interest because of the singular problems they dealt with.

SIR EDWARD POYNTER born 1836. Has an exceptional talent as a painter of classical subjects.
FIRST TELEPHONE in St. John's, 1878.

The world must have great minds, even as great spheres suns. —Balfey.

BURNING OF CRANMER at the stake 1556. The famous Archbishop of Canterbury, in which he strongly supported the progress of the Reformation. Upon the accession of Mary he was accused of heresy and was induced to sign a recantation of his principles. When required to read this in public his conscience smote him and he recanted his recantation and exhorted the people against the errors of the time. This brought down on him the full vengeance of Mary and he was burnt on this date.

J. S. BACH born 1685. Composer and greatest organist of his time. His developments of all forms of composition marks an epoch in the history of music.
ROBERT SOUTHEY died 1843, aged 69. Was made Poet Laureate in 1813. In poetry he was overshadowed by the greater genius of Byron and Shelley but in prose he was eminently successful.

ROBERT BRUCE born 1274. Competed with JOHN BAIFF for the Crown of Scotland and resisted the English domination and achieved one victory after another, until at Bannockburn he overthrew the English army and ultimately secured Scottish independence. He reigned 22 years as King Robert I.

HENRY KIRKE WHITE born 1785. The son of a Nottingham butcher who attracted much notice by some early religious poems.

NOTABLE

MIANUS RECORD.

One short year ago the name of MIANUS was unknown to more than 25 fishermen in Newfoundland. Since then hundreds of Mianus Oil Engines have been purchased by our fishermen, everyone of whom testify to their reliability, economy and guaranteed rated horse power.

To-day the one ambition of thousands of fishermen is to possess a Mianus Oil Engine. The fishermen of Petty Harbor are as progressive and independent as any in the Island, and they are familiar with all makes of engines on this market.

In February of last year we sold the first Mianus in Petty Harbor, and before the close of the fishing season 23 Mianus Oil Engines had been purchased by the men of that Harbor.

For the coming Season we have orders for a large number for Spring delivery. Here is what the Petty Harbor fishermen say of MIANUS:—

"We, the undersigned wish to say that we have used Mianus Kerosene Engines during the past Summer, and we found them to be far superior to any of the other makes used in this Harbor. They are good power and we can recommend them to fishermen wanting a reliable and economical Kerosene Engine."

EDWARD BRIEN

Nearly all the leading Merchants supplied Mianus Oil Engines to their fishermen last year, which resulted in their mutual advantage.

If you intend purchasing an engine through a Merchant this year, insist on getting a Mianus Oil Engine, it will benefit him as well as you. Your Merchant may recommend another make of engine, but you know there is no other just as good as MIANUS.

The fisherman who buys an engine without first investigating the advantages of Mianus, must have money to burn.

The cost of operating some of the so-called Kerosene engines is so great that it amounts to what should be the profit on an average voyage.

The cost of operating a Mianus Oil Engine is so little, the poorest fisherman cannot afford to buy any other make.

Mianus Oil Engines are built specially to operate on low grade Kerosene, and are guaranteed to do so or your money back. That is the way we back up our claims.

Our travellers are thoroughly competent engine experts, and can undertake any installation from the smallest fishing boat to the largest Schooner, and their services are at your disposal.

J. M. The E

At the City Hall

The Chairman, Mr. W. G. G. presided at last night's meeting of the Civic Commission, and were Messrs. Harris, Ayre, Mara, Bradshaw, Jackman, McGrath, Morris and Withers.

Correspondence from the Superintendent of Postal Telegraphs and Government Engineer re the expense of power wires erected along the R. N. Co., in Hamilton Avenue, was read. The Commission set forth that the poles in question were too near the telephone wires, and that the R. N. Co. was willing to remove them to the other side of the street, the Commission to pay costs if the City grant a right of way. The matter was referred to the City Engineer.

The Standard Mfg. Co. asked statistics as to water supply, and they are contemplating the purchase of a fire extinguisher. The Commission has been supplied.

H. A. Burrows wrote saying he was prepared to close the case for broken stone at \$1.20 a ton. Heally protested against this, and the Commission was infringing on the rights of citizens. The contract was closed.

The R. N. Co. asked that the be removed from Military Road. work is now being attended to.

The Burgess Withy Co. submitted drawings of the proposed works for their new premises. The matter was referred to the Engineer.

J. F. Lynch asked permission to make alterations to building at corner of Duckworth and Queen Streets. Permission was granted subject to the approval of the Engineer.

W. Cook offered a piece of site for the new sanitary station. The matter of the station was pointed to deal with the sewerage.

CONVIDO Port Wine

Don't say 'Just Port,' but 'Convido Port.' There's a difference. Convido has been the Standard since 1870.
