**Own Your Own Home for Less** 

For \$600 cash down we build a nice plain 6 room \$1,800 house and give 10 years to pay the \$1,200 balance. Payments in principal and interest will average \$14.40 per month for the 10 years, when payments cease and buyers own their own homes.

Than You are Paying Rent.

We build up to \$3,500 house on this plan.

We accept \$900 on a \$2,700 house; the monthpayments for 10 years to own this averages \$21.60 per month.

The actual rent on the \$1,800 house is \$4.40 per month, as \$10.00 per month or \$120 per year applies to paying the principal.

On the \$2,700 house, payments on principal is \$15.00 per month or \$180 per year, rent therefore only \$6.60 per month.

See the \$2,500 bungalow we are now erecting on Mount Royal Avenue-\$800 down and \$20.37 per month for 10 years is the price to own this beautiful home. We are in a position to give good service and value; we operate our own saw mills on the West Coast, also our own factory on Plank Road. We have one million feet

of splendid sound, clear lumber of all kinds now in the city, including clear Fir Clapboard. To parties wishing to build their own home, we supply lumber on 10 years' credit, taking first

lien on the building. Purchasers of lumber of all kinds will find our retail prices low. Stock sound and extra well sawn. Our clear West Coast Fir Clapboard is not equalled by stock sawn in any other part of the Colony.
