Massacre of 60 Missionaries!

In Ki Yuan Fu and Immediate Vicinity.

General Advance on Pekin Expected in About Two Weeks—Indications That the Capital and the Interior Are in Close Telegraphic Touch—The Consuls Said To Be En Route for Tien Tsin—Letter From Sir Claude MacDonald Dated July 6.

London, July 27.—This morning reports from Shanghai reiterate the allegation that the surviving members of the diplomatic corps have already left Pekin on their way to Tien Tsin, and that the foreigners are being escorted by troops of Jung Du, commander-in-chief of the Chinese forces. This move is stated to be the outcome of very stormy interviews between Li Hung Chang and the foreign consuls, and to have been taken in the hope of abating the wrath of the powers and delaying the advance of the allies toward Pekin.

Advices received from the same sources state that half the foreigners in Pekin have been killed or wounded, or have died as the result of privations.

Simultaneously comes a cable dispatch to the Daily Mail from Shanghai, announcing that a letter has been received from Sir Claude Macdonald, the British minister to China, under date of Pekin, July 6, saying the legations were under constant fire and that three were still standing, but that the foreigners were receiving no assistance from the authorities. Owing to the cowardice of the Chinese, Sir Claude wrote, it was hoped the legationers would be able to hold out for a fortnight, but if they were pressed, their resistance could not last more than four days at the utmost.

SIR C. MACDONALD'S LETTER.

The text of the Shanghai dispatch to the Daily Mail follows: "Shanghai, July 27.—A letter just received here from Sir Claude Macdonald, dated Pekin, July 6, follows: 'We are receiving no assistance from the authorities. Three legations are still standing, including the British. We also hold part of the city walls. The Chinese are shelling us from the city with a three-inch gun and some smaller ones, and are sniping us. We may be annihilated any day. Our ammunition and food are short. We would have perished by this time, only the Chinese are cowards, and have no organized plan of attack. If we are not pressed we may hold out a fortnight longer; otherwise, four days at the utmost, I anticipate only slight resistance to the relief force.'"

Sir Claude concludes by advising the relief force to approach by the eastern gate or by way of the river. The losses of the foreigners in Pekin up to July 6 were 40 killed and 80 wounded.

IN TWO WEEKS.

London, July 27—4:30 a.m.—With the report that the allies will begin the advance upon Pekin in a fortnight, and in view of Admiral Seymour's visit of inspection to the Yang Tse Kiang, the feeling is that no great time will elapse before matters assume a more definite shape.

AN AWFUL MASSACRE.

There is an unconfirmed Chinese report that 60 Protestant and Catholic missionaries have been massacred in Ki Yuan Fu and the vicinity.

The Shanghai correspondent of the Daily Mail, describing the massacre at Mukden, says: "The bishop had armed 200 converts to defend the cathedrals, and a body of Chinese troops had been sent to defend the convents, but the soldiers were leagued with the Boxers. While the Christians were holding a service, believing themselvs safe under the Chinese section of the troops, the signal was given and the soldiers and Boxers surrounded and set fire to the church, putting the escaping worshipers to the sword. The bishop was captured and taken to the viceroy's yamen, where he was diabolically tortured and decapitated. His head now hangs in front of the yamen."

IMPORTANT INFERENCE.

Toronto, Ont., July 26.—The China Inland Mission agent at Shanghai cabled the following message to the North American headquarters here this morning: "Shanghai, July 26.—C. H. S. Green wired 14th inst. from Tai Yuen Lu, the capital of Shen Si: Rioted. No details. Shuen Teh Lu Whai Lu rioted. All destroyed. Friends safe; escaped to country, but there is danger. Chinese officials refuse to do anything. Foreign officials powerless to act."

Rev. Mr. Earing, of the China Inland Mission, who has just returned from the disturbed districts, says the cable is of the utmost importance, as showing that the interior telegraph lines of China are still intact, and that the viceroys, including Earl Li, at Shanghai, must be in telegraphic touch with Pekin. The outbreaks reported in the cable took place in the southern part of the province of Chi Li, in which Pekin is situated. The cable was sent from Tai Yuen Fu, which is in the province of Shen Si, only three days' journey from Pekin, and, although the message was hung up on the wires, it did get through to Shanghai. The circumstances fully confirm the suggestion that the interior of China is under control of the authorities at Pekin. The China Inland Mission has ten workers in the district indicated by the cable, but none of them are Canadians.

AN EXPLANATION.

The Daily Mail explains that the Chinese employe of the British legation, who, according to its advices yesterday, escaped from Pekin to Niu Chwang, and reported there that when he left Pekin most of the members of the legation were dead, and the fate of others were hopeless, did not actually leave Pekin until July 8, and this goes to show, if his statement is to be relied upon, that a general massacre had not occurred on July 6, as had been reported.

A CHINESE DEFEAT.

The Russians inflicted another serious defeat upon the Chinese at Fort Echo on July 23.

From Kobe comes a report that eight battalions of Russians have been compelled to leave Vladivostock and Tien Tsin on account of the Manchuria troubles.

The Legations.

HAVE LEFT PEKIN.

London, July 27.—The Shanghai correspondent of the Daily Express, telegraphing yesterday, says: "Li Hung Chang now states that some of the members of the legations have already left Pekin, and may be expected shortly. He is becoming angry at the skepticism of the consuls.

"The impression is gaining ground here that the ministers of the powers to whom China has appealed for mediation may still be alive. The representatives of France, Japan, Russia and the United States have visited Li Hung Chang, but the others still keep aloof. The Americans here are indignant over the fact that United States Consul Goodnow has entered into relations with Earl Li, but Mr. Goodnow defends his action on the ground that he is following the instructions of his government.

"Trade in Shanghai is so paralyzed that the customs revenue will not suffice to secure the payment of the next installment of the foreign loan."

BRITAIN'S ANSWER.

London, July 27—4 a.m.—Last Saturday the Chinese minister, Sir Chih Chen Lo Feng Luh, handed the foreign office a long telegram purporting to come from Emperor Kwam Su, soliciting Great Britain's good offices to bring about peace in terms similar to the appeals addressed to President McKinley and President Loubet. Thus far the government has not replied, as it is felt that, in the present anomalous circumstances, the precise origin of the telegram is doubtful.

In the house of lords the bill prohibiting the exportation of arms and ammunitions of war passed its third reading.

In connection with the scare created by the immense quantities of steam coal leaving Great Britain for France, admittedly for the use of the French navy, Mr. A. J. Balfour, first lord of the treasury, significantly pointed out in the house that the bill before parliament to prohibit the exportation of war munitions applied to coal as well as to other military stores.

A GENERAL RISING.

London, July 26.—The Shanghai correspondent of the Daily Express, telegraphing yesterday, says: A general rising throughout China is now regarded as so absolutely certain that all the missionaries throughout the empire have been ordered to take refuge without delay, either at Shanghai or Hong Kong. Refugees are beginning to arrive from all points in the most pitiable condition.

SEYMOUR AT SHANGHAI.

Shanghai, July 26.—Admiral Seymour has arrived here, and has been in consultation with the British consul regarding the situation.

WARLIKE PREPARATIONS.

Active preparations in the Yang Tse region for war are now in progress, not for war against the rebels, but against foreign powers. Junk loads of Chinese soldiers and Boxers, disguised as coolies, are arriving here daily. The arsenal is full of arms, and supplies are constantly coming in. The Kankin and Wu Chang garrisons are being constantly reinforced, and the viceroys admit that they cannot much longer withstand the pressure brought to bear by Sheng and Li Hung Chang upon them to join the forces with Prince Tuan. It is hoped that the arrival of Admiral Seymour here may stiffen the backs of the southern viceroys and restore the security of the port.

THE TRIADS

The signs of menacing activity on the part of the secret society, known as the Triads, are causing alarm. The Boxers are believed to be an offshoot of the Triads, whose ramifications are widespread throughout the southern provinces of China. The organization is distinctly anti-foreign. A report is current in Canton that the Triads are preparing for a night attack on the Shameen, and that the first sign will be the absconding of native servants. The greatest apprehension prevails, although at present Canton is quiet. A Chinaman, who was arrested on the charge of carrying arms, was committed for trial on the charge of being a member of the Triads. The evidence showed that he has held the rank of second in command in the organization in the two Kwangs, with headquarters in Sai Kung. His arrest, therefore, is of the greatest importance. The insignia found upon his person include the highest degrees.

The Russian agent at Hankow telegraphs under date of July 22: "Foreigners are in a constant state of panic owing to the hostility of the natives, who are affected by the events in the northern provinces. The American and British consuls have recommended their representative people to send their families to Shanghai.

HOW IT BEGAN.

London, July 27.—Telegrams have arrived at St. Petersburg by a circuitous route, dated Pekin, June 15 and June 18, describing the origin of the trouble. They come from the director of the Russo-Chinese Bank in Pekin. He says, in part: "The German legation, on June 13, arrested an anti-Christian uprising, and at 6 p.m. the anti-Christians set fire to the American church, and burned it to the ground. The Europeans then barricaded the legations, and the rioters sacked and burned the houses in the European quarter." It further appears by these advices that by June 18 the legations were besieged, and the Chinese Government had attempted to invoke the aid of M. De Giers (the Russian minister) and Mr. Conger to prevent the advance of Russian troops to Pekin.

40 LIVES LOST!

Steamer Florence S. Sunk in Lake Le Barge.

She Had 150 Yukon Passengers on Board and $100,000 in Gold.

Victoria, B. C., July 27.—Passengers by the Cottage City from Alaska report that the steamer Florence S. was lost in Lake Le Barge, and that 40 of 150 of those on board were drowned. News of the calamity was received at Juneau just before the Cottage City sailed.

The Florence S. left Dawson for White Horse on July 10, and besides passengers had probably $100,000 in gold. A few days after she had left Dawson the Humboldt sailed, and she it was that brought the news to White Horse. Details of the terrible disaster were not available when the Cottage City left.

The Florence S. was operated and partly owned by Capt. Barrington, Who, a year or two ago, was master of the Domville, which was lost. She was a stern-wheel vessel and high out of the water, and was a good mark for a storm, which was responsible for the accident.

THE NEW G. T. R. TRAIN.

Montreal, July 27.—The Grand Trunk is making the equipment of its international limited more complete by the addition of four splendid dining cars, all of which are luxurious and thoroughly up-to-date. Each car is 70 feet in length, and will accommodate 24 persons at a time. The interior is finished in antique oak, with trimmings and curtains of tapestry and plush. The range and table equipment is most complete. It is intended that one of these cars shall be attached to each international limited.

The coroner's jury which inquired into the death of James Couch, of Raglan, by being struck by a C. P. R. engine found that death was due to his own negligence, and exonerated the company.
