In the same way Marconi has been prompted in his experiments by previously ascertained facts of science. He has been fortunate in hitting upon a practical solution of a problem upon which others were also working. Perspeediest. haps some of them had advanced it in the laboratory stage as far as Marconi, but he was the first to demonstrate it to the world and he gets the world's applause.

## Canada's Great Wheat Crop.

-----

it is estimated that the world's wheat crop this year will be 31,000.000 bushels larger than in 1901, though 170,-000,000 bushels smaller than the abnorman crop of 1898. The figures by countries for the present and the preceding seasons are:

Countries. Bushels. Bushels. 1902. 1901 N. America.. .. 750,000,000 825.000.000 S. America .. 80,000,000 60,000,000 Europe .... 1,850,000,000 1,460,00,000 Asia ..... 10,000,000 \$08 000 000 45,000,000 Africa 42,000,000 .... Australasia.. .. 38,000,000 47.000.000

Total crop..2,773,000,000 2,742,000,000 The diminution of the crop this year In North America is not on the Canadian side of the line. The total harvest last year in Manitoba and the Territories included 63,000,000 bushels of wheat, 39,000,000 bushels of cats, and over 7,000,000 bushels of barley. This year the area under cultivation is much greater, and \$0,000,000 bushels of wheat alone are expected. The yield per acre in wheat was 25.10 bushels in 1901, but even this high figure may be exceeded in the present season. Since 1898, the prices. The main sufferers have been wheat crop of Manitoba and the Northwest has been as follows in bu 'h-

Pls: Manitoba. Territories. Total. ..... 35,313,745 5,443,478 30,756,223 soft coal miners. 1898 .. .. 27,922,230 6,915,623 34,837,853 1900 .. .. 13.025.252 4.028 294 17.053.546 1901 .. .. 50,502,085 12,676,343 63,178,428 As the rest of Canada this year will produce about 40,000,000 bushels, the total crop for the Dominion will be about 120,000,000 bushels. At this rate of growth Canada will soon be able to supply the mother country with all the breadstuffs she needs.
