THIN, NERVOUS PEOPLE

NEED BITRO-PHOSPHATE

6. M. Grove

Weak, thin people-men or women are nearly always nervous wrecks: thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear

BY builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results folowing its use are often simply aston-By strengthening the nerves, weak, tired people regain energy and vigor; thinness and angularity live way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eves become bright, and pale, sunken eyes become bright, and pale, sunken cheeks regain the pink glow of health.

CAUTION—Bitro-Phosphace, the use ly promotes the assimilation of food, so much so, that many people report marked gains of weight in a few weeks.
