After absorbing this deficit the municipal accounts show a gross surplus from the year's operations of \$1,006,-444.22, and a net surplus of \$406,330.40, after providing for \$600,114.22 depreciation. There were only thirteen municipalities that showed an actual deficit during the year, totalling \$21,-416.07 out of a gross revenue of \$10,-
