FERNIE STRIKE COMPLICATES MATTERS

Flour Advanced Ten Cents Per Barrel---General Dominion News

DMONTON, ALTA., Oct. 5.—The ine, the local dealers being unable to supply the increasing demands. Ever since the strike of last summer, there has been a scarcity. The supplies ran low during the period of the strike and then followed a scarcity of teamsters, who found more desirable employment on the city contracts and improvement works. The city's population has outstripped the increased output of the mines. The situation is more complicated since the Fernie coal mines have closed down and Calgary is inquiring for coal in Edmonton.

Robbed Toronto University Toronto, Oct. 4.-Tonight's News

Through the machinations of a trusted agent, the University of Toronto appears to have lost a large sum of money. T. W. Rollwey, real estate agent, who was conducting the sale of the old Upper Canada College grounds, bought several large blocks of the land, in another man's name, but really for himself. These transfers of land went through at figures far below their market value. Sales were made from these blocks at prices which netted the agent over 100 per cent. These five parcels realized \$16,380. But these parcels realized \$16,380. But these parcels of land, which sold for \$16,380, composed less than half the original block. The remainder, at values governed by the actual sales of adjacent lands would be worth \$17,450. Thus the whole block is worth: Lands-sold, \$16,380, lands held, \$17,450. total \$33,830. whole block cost \$16,590; profit, \$17.330."

The York Loan Case

Toronto, Oct. 4.—Warrants for the arrest of Lillian and Gertrude Hudson, sisters, connected with the York Loan affairs, were ordered by Judge Winchester this morning. Subpoenas demanding their attendance before the grand jury as witnesses have not been answered. One for each of them was left at their home on Ossington avenue, and at Phillips' place on Wright avenue. Crown Attorney Drayton, who applied for the warrants, said he would communicate with the solicitors of the Misses Hudson to make certain that there had been no mistake about their position, and that they would not be interfered with needlessly.
