St. Andrews, Wednesday Nov. 15, 1848

WINTER.—The weather for the past week has been unusually cold for the season, the brooks and ponds being frozen sufficiently thick to bear man's weight. On Thursday last we were visited with a snow storm, the first this season, covering the ground from two to three inches, but which, however, disappeared during the day.

St. John's Agricultural Society.—We have been furnished with the Annual Report of the Directors of the above Society, for the present year, and regret that our limits prevent us giving any extracts to-day, from this excellent Report.

Temperance in the United States.—The spread of temperance in the United States, through the influence of association, has been immense, and promises still to realize much greater good. A brief summary which is given in an Albany paper, sets the matter strongly before the public. There are now more than 1,500,000 people in the United States who refrain from the use of ardent spirits and from furnishing it to others; more than 6,000 temperance societies, embracing more than 600,000 members. More than 2,000 distilleries have been stopped more than 5,000 merchants have ceased from the traffic. It is estimated that 30,000 persons are now sober who, had it not been for the temperance societies, would have been soot, and that at least 20,000 families are at ease and comfortable who would otherwise have been in poverty and disgraced by drunken inmates. Such good results flowing from their exertions are calculated to urge the friends of the cause to renewed efforts.

The Mail Steamers.—The next steamer to Halifax will be the Acadia, which will leave Liverpool on the 4th November—to be succeeded on the 14th by the Cambria, on the 18th by the Britannia, and on the 25th by the Canada, on her first trip. The Mails will afterwards be once a fortnight until April, and will be conveyed in the four new steamers—the America, Europa, Niagara and Canada.

The Rev. Mr. Lapelletrie, a Frenchman, and a convert from the Roman Catholic Church to the Church of Scotland, has preached here several times during the present week. The Rev. Gentleman is a moderate as well as an eloquent man and reflects much credit upon the Church of his adoption.—Reporter
