ited friends at Round Hill quite re-

cently.

## OBITUARY

Martin Longmire

One of the best known and highly

esteemed citizens of Upper Granville

passed away at his home here on

September 1st, at the age of 75 years,

in the person of Martin Longmire.

He had been in failing health for

the past four years, and gradually

grew weaker every day until he passed

peacefully away.

The sudden death of his youngest

son by accidental drowning was a

great shock to him in his weak con-

dition. This happened just three

months ago. His widow and one

son, Clifford, at home and one daugh-

ter, Mrs. Otis Chute, of Melvern

Square survive also two others and

one brother, Mrs. George Bent, of

Granville Centre and Mrs. Fred Co-

vert, and Russell Longmire, of Som-

erville, Mass.

The funeral services were conduct-

ed at the home and grave by Rev.

Dr. Jost. The remains were laid to

rest in the Riverside Cemetery in

Bridgetown.

Much sympathy is expressed for

the family in their sad loss of a

loving husband and father, also the

relatives and friends he had been

associated with for so many years.

children, spent their holidays with

the former's father and mother, Mr.

and Mrs. N. P. Wood.

## SUGAR BEET CROP

Encouraging Reports From Southern

Part of Alberta.—Profit of

\$70 an Acre.

Calgary.—Encouraging reports con-

cerning the sugar beet crop in the

southern part of Alberta were given

by W. V. Newson, Deputy Provincial

Treasurer on the completion of an

extended tour of inspection through

territory where this product is rapidly

becoming an important com-

mercial factor.

Mr. Newson was primarily interest-

ed in the operation of the co-

operative credit societies, four of

which have been organized in the

province to date. A total of \$100,000

has been loaned to these companies

for the purpose of financing the beet

crop. Conditions were found to be

very satisfactory, with every pros-

pect that the loan will be liquidated

within the specified time limit.

The new sugar factory at Ray-

mond will be ready for operation

early in October. Mr. Newson re-

ported that the sugar companies

expressed themselves as highly

satisfied with the outlook for their

Canadian branch and were con-

vinced that Alberta beet will be the

equal to the best raised in the

West across the line.

From the grower's point of view

the first year's crop is expected

to yield a profit of about \$70 an

acre, and in some cases it is ex-

pected that the figure will reach as

high as \$100 per acre.
