

"Canada's Greatest Seed House."

THE SECRET FOR SUCCESS

Is in using the best seeds at all times, because you secure more tons per acre in the yield of roots. When you use cheaply grown seeds you sacrifice by poor yield in crop and inferior quality of roots many times the cost of good seed.

NOTICE TO GROWERS

Steele, Briggs' Field Root Seeds are all produced from specially selected roots and with unusual care, that the Canadian grower may secure the most profitable result from his crop. Steele, Briggs' Seeds may be obtained from local dealers who consider the growers' best interest, rather than the small increased profits to themselves by supplying "cheaply" grown seeds.
