(Note)—The sections of two shear rams, shearing rams, and shearing ewes disqualified by Committee on Shearing.			

REMARKS BY JUDGES.—The Judges in this class would report a large number of animals of great excellence, which, however, being rejected by the sheep shearing inspectors, did not come before us. But finding it difficult to make awards in consequence of an almost endless variety of style, we would suggest that a class of cross-bred long-wooled sheep be introduced, which might tend to preserve the purity of the different classes.
