

In the south and west of Ireland the general harvest is inferior, the potato crop not more than half average; oats are good; the supply of turf is everywhere deficient, from which much suffering and sickness are anticipated; farm property is difficult to sell or rent, the pauper rate has risen in some unions to four shillings in the pound, and the amount of pauperism is 11 per cent. above the corresponding period last year.

There is at present a shipment of live cattle on the way from Melbourne, Australia, to Liverpool. Cost per head in Australia four pounds, freight ten pounds.

GROUND BONES! GROUND BONES!

A LENGTHENED experience in Europe and the United States has shown this to be the most valuable fertilizer for every crop.

During the past season THE PROPRIETOR OF THE WELLINGTON TANNERY has totally altered his machinery for preparing this valuable manure, and is now prepared to supply Agricultural Societies and the public generally with

FINE GROUND BONES

of a quality far superior to any that can be imported.

PRICE—Delivered at Wellington Station—

Fine Ground Bones . . . \$35.00 per ton.
Fine Ground Bones . . . \$2.00 per cwt.

The machinery being now in thorough working order, orders will receive prompt attention and despatch.

As the supply of BONES in this Province obtainable for grinding is yet very limited, customers are requested to send forward their orders as early as possible, in order to ensure obtaining a supply for this year's crop.
