Although the weather was very warm quite a number of visitors found their way to the grounds and seemed much interested in the firing, among whom were the President, E. T. Brooks, Esq., M. P., Lieut.-Col. King, B. M., Dr. White, Captain Woodward, Major Willis, and others. The presentation of prizes takes place this evening at the Town Hall, at which the band will be present.—*Sherbrook Gazette*.

THE CAMP AT GUELPH.

GUELPH, 11th July.

The ordinary routine of camp life has been followed throughout this week. On Sunday morning church parade took place at 9 o'clock when the men were assembled in the Exhibition building on the camp ground. The beautiful litany service of the Church of England was read by Rev. Mr. Cooper, Chaplain of the 32nd Battalion, after which Rev. W. S. Ball, Chaplain of the 30th, preached an excellent discourse, taking for his subject the life of Cornelius, the Christian soldier, as found in the 10th chapter of the Acts of the Apostles. He showed that a soldier's duties were not inconsistent with those of a Christian, and instanced the cases of Havelock, Vicars, and others, who were renowned both for their patriotism and piety. He impressed upon his hearers the importance of becoming

good soldiers of Christ. The musical part of the service was led by the bands of the 28th and 30th and by a cabinet organ. In the afternoon a bible class was conducted by one of the officers of the battery, and afterwards a service of song. In the evening Mr. Cooper preached in the lines of the 32nd. Many of the officers and men attended service in the town churches morning and evening.

On Tuesday afternoon a heavy shower came on as the men were returning from brigade drill and they got pretty well wet. The rain, however, laid the dust, which was getting to be a nuisance.

On Wednesday target practice was completed. The average of the shooting was rather low, which is not to be wondered at since many of the men never had a rifle in their hands before. Col. Clarke of the 30th gave a handsome ice pitcher to the best shot in his battalion, Private Graham of Arthur, who made a score of 50 in 15 rounds at 200, 300 and 400 yards. Col. Clarke has also given \$5 to each company to be awarded to the best shot.

On Thursday the official inspection by Col. Taylor, D. A. G., took place, and in the afternoon there was a grand field day and review on the race course, which was witnessed by a large concourse of spectators. The men went through the various evolutions very creditably and showed a marked improvement as the result of their short sojourn in camp.

A cricket match was played on Wednesday between the town and an eleven from the brigade. The latter not being not accustomed to work together got badly beaten, the score at the close of the first innings being 26 to 90. A second innings was commenced in which the military were running up a good score, but darkness drew on and the stumps had to be drawn.

On Wednesday evening the officers of the 30th and the Brigade staff entertained the Town Council and some other friends to dinner, the gathering being a very sociable one. The same evening a promenade concert in aid of the Young Men's Christian Association was held in the Exhibition building, the music being furnished by the bands which was largely attended.

On Thursday evening the Town Council entertained the whole brigade to a strawberry festival in the same place. It was proposed to give the officers a dinner, but at the suggestion of the latter the form of entertainment was changed so that the men could also participate in the hospitality of the town. The affair was a great success; and the troops will leave favorably impressed with the liberality and hospitality of the Guelph people.

The Guelph Council have voted \$75 to the battery, and 25 cents a day to each man of the Guelph Rifle Company. The County Council of Wellington have voted a like sum to each man of the 30th Battalion.

This morning the camp was astir at an early hour making preparations for going home. Operations were somewhat delayed by a heavy rain which set in at an early hour, but it now shows signs of clearing up so that the men soon move off the ground, and the camp, which has been a very successful one, become a thing of the past.

Col. Taylor, D. A. G., and Col. Clarke, Commandant, have both expressed themselves highly pleased with the manner in which the officers and men have performed their duties and conducted themselves. The former stated that he would make a most favorable report to headquarters.—*Huron Signal*.

A REMARKABLE ROYAL SPEECH.

At a recent meeting of the British and Foreign Bible Society, His Highness the Maharajah Dhuleep Singh (heir to the throne of the Punjab) delivered the following remarkable speech:—

"I was a king, but my possessions were taken from me by your Government. In early life, when I was but a little boy, the son of a Brahmin, himself a priest, was my tutor. In the course of his instruction I inquired of him what was the religion of the English? In answer to my inquiry he produced a Bible, and said, "I will show you." He then read Genesis i. and Matthew xxvii. I was but a child, and I cried at the recital of the crucifixion. The impression then made upon my heart was, I believe, from the Spirit of God. I now stand before you as a Christian. In my case the truth of the scripture has been confirmed, that "one shall be taken, and the other left," for my tutor is still a heathen. I fear that many of you I see around me are neglecting that Bible you are seeking to send to others; but I hope that in future you will read it yourselves."

A special to the London Times says:—"M. Pages Dupont has given notice of an amendment to the bill reported from the committee of thirty by M. Ventavon, providing that the Senate shall consist of one hundred members nominated by MacMahon, and one hundred and thirty members of the Assembly to be selected from Deputies of separate departments, and that the Cardinals, Marshals and Admirals shall be Senators, ex-officio, and that the first Senate shall sit three years; next, six or more, according to the decision of the Assembly. The President of the Senate to become Provisional President of the Republic in the event of any vacancy between the adjournment of the present Assembly and the meeting of the next. The President of the Republic to be empowered to dissolve the Assembly with the approval of the Senate.

When the English gunboat *Growler* reached Hong Kong lately, she had to undergo a thorough over haul. She was all but entirely dismantled, her foremast having been taken down, she will have to get new boilers before she is of any use for service, as she came out to relieve the *Teazer*. Instead of sending out a new, or recently repaired, vessel, the *Growler* was re-commissioned at Malta for the China station, and the result is that she will be useless for several months. So much for parsimony in England.

London, July 14.—The Times special correspondent at Berlin, telegraphs that the Bishop of Paderborn has received another sentence of 18,000 thalers fine, and three months detention in a fortress for persistent violation of the ecclesiastical laws.

London, July 17.—A despatch from Lausanne, Switzerland, announces the death in that city of the Rev. Mr. Goodrich, grandson of Noah Webster.

The Carlist Staff, with the main body of the army, have entered Biscay, and threaten to stop navigation of the River Nervion.

There is intense excitement in Berlin over the attempt on Bismarck's life.

CONSTANTINOPLE, July 17.—The fire in Galatia yesterday was brought under controul after raging six hours. Two hundred houses have been destroyed.

The benchers of Gray's Inn have decided to limit the Kenealy inquiry to the fact whether or not he is editor of the "English man."
