

**WATERPROOF,
YET POROUS.**

Admits the Air and Keeps Out the Water.

This may seem an impossibility, but it can be explained. The RIGBY process renders the fabric a non-absorbent and a repellent to water. It makes the material so that it will shed water like a duck's back, otherwise it is not changed in appearance or feeling. It permits the free respiration of the skin, and at the same time keeps you dry.

Made in all woolen materials suitable for Ladies' and Gentlemen's Garments, Tweeds, Meltons, Serges, Mixtures, etc.

THE AUTOHARP. Any person can play it. This new and inexpensive Musical Instrument should be in every house. Can be learned in a few moments. **WHALEY, ROYCE & Co., 150 Yonge Street, Toronto.**
