# BALLANTINE'S—THE BEST

## Woodworking Machinery

¶ We do not rely on rash statements or empty boasts to make our advertising effective but refer the reader to the following authentic letter. It is evident that at least one man has come to the conclusion that Ballantine's IS "THE BEST."

Thompson, N.S., Dec. 26th, 1907.

Messrs. J. Ballantine & Co., Ltd.,  
Preston, Ont.

Gentlemen:---

We are so well pleased with the Boring Machine we purchased from you we cannot refrain from letting you hear how well we are pleased with it. We have in times past had several makes of Boring Machines and we do not hesitate to say this machine is by all odds far superior in every way to other makes we have had. We also have a 12" Moulder, your make, which we consider as near perfection as it is possible to make a moulder. We have only one regret and that is that we have not more of your machines in our shop as we consider a Ballantine machine stands for perfection in every way. We, in the near future, intend putting in more machinery and we can assure you it will be Ballantine machines that we shall put in.

Wishing you a Happy and Prosperous New Year, we remain,

Yours respectfully

E. MATTINSON & SON.

WE BUILD A COMPLETE LINE OF WOODWORKING MACHINERY.

Full information and prices on request.
