

6. Where a company is a resident of a Contracting State the other Contracting State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profit or income arising in such other State.

7. Nothing in this Convention shall be construed as preventing a Contracting State from imposing on the earnings of a company attributable to a permanent establishment in that State, tax in addition to the tax which would be chargeable on the earnings of a company which is a national of that State, provided that any additional tax so imposed shall not exceed 15 per cent of the amount of such earnings which have not been subjected to such additional tax in previous taxation years. For the purpose of this provision, the term "earnings" means the profits attributable to a permanent establishment in a Contracting State in a year and previous years after deducting therefrom all taxes, other than the additional tax referred to herein, imposed on such profits by that State.

However, the term "interest" does not include income dealt with in Article X.
