Macedonian Bound Over to Face Grand Jury at Quarter Sessions

Rev. George M. Atlas was committed for trial in police court yesterday morning upon two charges of theft, jury of the sessions, which meets on Monday. There were stormy scenes in police court during the hearing of the case, in which Chief Inspector Archibald gave more than a hint that he believed hat the prosecution needed help in pressing the cases against Atlas. The first case heard was that in which Atlas was charged with stealing \$27.50 from Pando Nitola, who swore that he had given the money to Atlas

donian back to his home. The money was not so used, nor was it returned, and Atlas left the country 2 days later. T. C. Robinette, K.C., Atlas' counsel, said that the money had been left behind for the man, and that it was nev "I do not see why he took the mone

The next case was that in which Demetri Michael swore that he had signed his name to what he believed to be an order for a notebook for Atlas while he had been in jail, but that it had turned out to be an order for his money as well. This Atlas got from Governor Chambers and had never returned.

Mr. Robinette admitted that \$20 had been paid him as fees and \$2.50 had been paid on bail bonds—after Atlas'

Mr. Robinette declared that everyone had known that Atlas was going out of the city and that he had a letter of of the city and that he had a letter of introduction from the chief of police. It was said later that this had been obtained when Atlas declared that he was going on a mission for the Ontario Government.

How to Treat Any

there is no room for the world, there is no room for the woman who can't take her part in society, the home, school, church or business. If you are dragging out a miserable, feeble, ailing, good-for-nothing existence, you feel that you might as well be dead and done for. Case of Piles as I want to tell you flatly and plainly that any woman or man either, for that matter, who suffers from any torna of piles, may place their faith in my treatment, and I believe they will not be disappointed. It's intended for piles, as well as the diseases, peculiar to women. It assists in healing diseased membrane surfaces, no matter where located, and I verily believe that this remedy has cured more bad cases of piles of all kinds than all the so-called "pile cures" and doctors in the country. And so you well might in days gone by: Then troubles such as yours meant a living death or the knife, that was often worse than death; but now, thanks to the generosity of Mrs. Miler of Kokomo, the simple home treatment which has relieved so many thousands of ladies in the privacy of their own home is yours for the ask-"pile cures" and doctors in the country.

I'couldn't be to my husband the wife that I ought to have been. He, being a man, couldn't understand. We drifted apart. Finally there was nothing but the divorce court that could settle our differences.

the divorce court that could settle our differences.

That's the sad story that eight out of every ten women who have passed through the ordeal of the divorce court, as well as the countless thousands of deserted wives who are not divorced, know deep down in their hearts was the real cause of their froubles.

A sick wife, a neglected home, and the publicity and disgrace of the courtroom to end it all. There wouldn't be half as much talk of the divorce evil in the world if only every wife and mother would realize her duty to preserve her health and strength. mother would realize her duty to preserve her health and strength.

No woman has the right to expect her husband to devote his leisure hours to his home and her when she is leading a dragged-out, hopeless, down-inthe-mouth existence that would discourage the greatest optimist on earth. Mrs. Cora B. Miller's marvelous home remedy has done as much to prevent divorce as all the messages to congress and conventions in the world. The woman who is bright and cheerful and well has a home that reflects her own good feeling and discontent finds no place therein.

Mrs. Miller's aid and advice is as free to you as God's sunshine or the cir you breathe. She wants to show to you that her common-sense home treatment may relieve you just as surely as it cured her years ago in her humble cottage.

If you are a sufferer from any fe-

Put Your Faith In Mrs. Miller My word that my home treatment should relieve you of female diseases or piles doesn't necessarily mean anyor piles doesn't necessarily mean anything. But when my word and medicine are backed up by thousands of ladies, that's evidence you cannot doubt. There is heardly a county or small village in the land that does not small village in the land that does not contain some poor sufferer that was relieved. I didn't force them to use my medicine. They took it of their own free will, and it benefited them. You should have faith in that sort of a remedy every time.
