Many Important Matters for Consideration - Cable Communication Within the Empire—Want Cattle Embargo Removed — Imperial Reciprocity — Preferential

A variety of momentous subjects await the consideration of the ninth congress of chambers of commerce of the empire which meets in Convocation Hall on Saturday night, continuing until the 22nd inst.

At the instance of the Montreal

chambers of commerce, the congress will be asked to request the British government to lift the cattle embargo. Cable communication within the empire will constitute an important item for discussion at the congress. The initiative comes from Trinidad. West Indies, chamber of com which, after setting forth the nation danger of British telegrams passing thru foreign and possible enemy territory, sends the following reso-'That the chamber reiterates its opinion as to the urgent necessity cable communication between these ies and Great Britain, passing solely thru British territory, and re-commends that a sufficient subsidy be provided by the participating col-onies." The London chamber of comerce will move in the direction of an imperial wireless service.

to be dealt with, and in this respect congress organizing committee sets forth: "That in the opinion of this congress it is desirable that the United Kingdom and the chief timber consuming portions of the empire should utilize the timber grown therein to a greater extent than hitherto, and that with this object in view it is necessary that a commercial survey of the timber available. It to pay the actual cost of the service the empire should be made by the competent authorities, with a view to rendered without having to make up a deficit by taxation and thus adding a deficit by taxation and thus adding

Production of Cotton. The Mancheser chamber of com-merce has the following resolution within the empire: "That this congress, realizing the importance to th pire of the textile industry and the many trades subsidiary thereto, views with concern the probable in-adequacy of future supplies of raw lonial governments to take all possible steps, in close co-operation, to advance and promote the growing of raw cotton within the empire.

The Birmingham chamber of commerce, after congratulating Lord Desborough, president of the congress, on the success of the work of the imperial air fleet committee, for which he was largely responsible, will move: "That in the opinion of this congress the movement initiated at the beginning of 1913 by the impose of promoting the establishment British empire in the interests of the development of closer relations between the United Kingdom and his merits the cordial and active support

The Toronto board of trade will "That this congress reaffirms trade within the British empire, and pledges itself to press upon the various governments concerned the desirability of taking action to give ef-

that in any consideration of prefer-ential trade, tariffs should be framed in regard to the rates of water with the old Cummings Stock, at the able artists. freight and other differential conditions (if any) prevailing in exporting

The Montreal board of trade on the ler, and if possible put into efect, some scheme of trade within the itish empire whereby a more rapid velopment of the trade of each mponent part of the empire may r, thereby strengthening the

wors a scheme whereby Canada Newfoundland and the British West Indies could voluntarily so co-operate in preferential trade as to form one United British West America with "dominion over palm and pine." Work for Ex-Service Men.

On the important question of the employment of ex-service men the London chamber of commerce proposes: "That having regard to the unexampled sacrifice of the manhood of the United Kingdom, the dominons and dependencies in the cause street, who was murdered on a vacant of liberty and right during the great war, the chambers of commerce and avenue on Aug. 7, supposedly by a boards of trade be urged to request degenerate, who has as yet not been their members to give a preference apprehended by the police, was adin employment to ex-service men in any part of the empire where they may have been originally domiciled or where they may desire to take up their residence; and that the organization of chambers of commerce and boards of trade be utilized as far as possible for this purpose.

The Adelaide chamber of commerce considers it desirable shipowners and others in the United Kingdom who control shipping and freight rates take care to see that other countries are not favored in re-

Further touching upon shipping, the Belleville chamber of commerce sends the following: "That the British merchant marine be maintained in its commanding position, and that every colony possessing the facilities to aid in this purpose be encouraged to maintain shipyards and to contribute all the British bottoms possible, thus oire the skilled mechanics who are being sought by other countries, and celebration of their feast will not recheque, also insuring British marine supre-

Empire Reciprocity.

cording to Chairman J. D. Flavelle. Many other question will occupy the attention of the congress, among them being the promotion of reci-procity with all parts of the empire; urging British trade with Venezuela; defence of the Canadian Pa- ed with stealing a motor car owned police ambulance removed him to St. Michael's Hospital.
