Less than a month after the last Annual Meeting this Society met with a great loss in the death of its President, Dr. LeBaron Botsford, and the committee recorded their sense of his value to the Society in a memorial resolution, which was published in the report. By his will, Dr. Botsford left a legacy of one-sixth of his estate to this Society.

As the lapse of time softens the sadness of separation, the memory of his kindly face, genial words and life of good deeds, come to the members of the committee as a frequent reminder and stimulus to a faithful fulfilment of duty. "He being dead yet speaketh."

This Auxiliary has also recently lost Mr. Henry Vaughan, one of its Vice-Presidents, who died at a ripe old age, after a life of consistent Christian character and honorable business record.

Surely, to all members of this Society, the truth becomes year by year more emphatic, that while life is ours we should gladly do the duty which the Saviour has laid upon us, and send forth to those who, while they live, are dead in trespasses and sins, the Word of Life which was given for the healing of the nations.

ST. JOHN, N. B., Jan. 10, 1889.
