ANNA GOULD MUST GIVE UP PRINCE OR LOSE FORTUNE

An Intimation that if She Persists in Marrying Prince Helie de Sagan She will Forfeit \$7,500,000

New York, April 1.—There were a number of indications yesterday that the actual break in the Gould family over the proposed marriage of Miss Anna Gould to Prince Helie de Sagan is at hand.

They gave support to a rumor that ran through the fashionable hotels along Fifth avenue, that Miss Gould, with her children, would leave the home of Miss Helen Gould and take up her abode at a hotel.

Yesterday was another day of silence on the part of George Gould. Newspaper men have learned of a statement which Mrs. George Gould made to an intimate friend just before she left for the Virginia hot springs last Tuesday afternoon.

The situation is most distressing. Mrs. Gould is quoted as saying: "Madame Anna is madly infatuated with Prince Helie. She will never in the world give her consent to a second marriage into that family. The consent of the executors of Grandfather Gould's estate must be obtained to any marriage, or a big portion of the legacy will be forfeited."

The section of the will to which Mrs. George Gould is said to have referred is numbered seven in the codicil written on Nov. 21, 1892, which reads:

"I hereby declare and provide that if any of my children shall marry without my consent during my lifetime, or thereafter, without the consent of a majority of the then executors and trustees under this will, then and in that event the share allotted to the child, and the interest thereon, and any other property which may be owned by said child and which shall be reduced one-half, and the principal of the other half of the after share shall be paid, assigned, transferred or delivered to such persons as may be named in the State of New York which shall take the same if I am deceased."

In various suits against Miss Gould when she was married to the Castellane it was brought out that her share of the Jay Gould estate was \$15,000,000, and that she had come had averaged \$600,000 a year. If she persists in marrying the Prince de Sagan without the consent of three of the executors of the estate she will lose more than \$7,500,000 in a lump sum and \$300,000 a year will be cut off.

George Gould's position is definitely known to be unchangeably opposed to the match. Toward Miss Gould is having matrimonial troubles of his own and is paying little attention to the rest of the family. Miss Anna is the hardest working member of the family and has so far maintained absolute silence.

Miss Helen M. Gould is now believed to be hostile. If Miss Gould moves to a hotel today society will be certain to learn of it. Yesterday she drove to the Hotel St. Regis to meet the Tyler Morges, she used a hired carriage. Miss Gould's attitude was demonstrative when she met her sister at the pier. They have not been seen together since the Prince de Sagan threw off his disguise.

It would seem that the late Jay Gould foresaw the possibility of one or more of his daughter's beneficiary interest in all trusts is for her sole and separate use, "entirely free from any right, estate or control of her husband and her separate receipt and acceptance shall be sufficient without the assent or opinion of her husband."

New York, Apr. 1.—Prince Helie de Sagan will sail for France on the La Provence, April 9, and Mrs. Anna Gould and her children will return to Europe just as soon as she recovers from an attack of bronchitis with which she was overcome on Friday while visiting Mr. and Mrs. Tyler Morges at the Hotel St. Regis. Mrs. Gould's condition is no longer improving.

Miss Gould visited Mr. and Mrs. Tyler Morges at their apartments in the Hotel St. Regis immediately after a conference with her family at which it was stated last night that matters pertaining to Mrs. Gould's future were earnestly discussed.

Prince de Sagan said at the Waldorf-Astoria last night: "I want to do emphatically the report that we have already been married. That is correct. I cannot speak for the future."

AFRAID OF ANARCHISTS

New York Consolidated Stock Exchange Has Decided to Close Its Galleries

New York, Apr. 1.—The Times today says: Following the receipt from police headquarters of a warning that evidence had been obtained that an anarchistic attack might be made upon the members of the exchange, the consolidated stock exchange has decided to close its galleries. Similar warnings are said to have been sent officials of the other exchanges, including the Cotton Exchange and the New York Stock Exchange.

An official of the latter institution, however, would not admit that any warning had been received from police headquarters. The gallery of the Consolidated Exchange has been much visited since the stock exchange closed its gallery to the public. But the only precaution taken by the exchange is to have a special policeman on duty.

NEARLY 300,000 COAL MINERS STOPPED WORK THIS MORNING

Coal Fields in some Western States are Principally Affected Because of Failure to Renew Wages Agreement With Operators

Indianapolis, Ind., Apr. 1.—Bituminous coal miners numbering 250,000 are idle today on account of the failure of the United Mine workers of America and the coal operators to agree upon a wage scale. District meetings are being held in an effort to reach an agreement.

It is believed the strike will be of short duration. Central Pennsylvania, Indiana and Indiana mines are in operation, as an agreement has been reached in the former district and in this district the operators have agreed to continue work pending a settlement which is being negotiated by joint meetings at Terre Haute.

SHOOTING ACCIDENT PREVENTED A SUICIDE

Patrolman Bowes may have saved Alice Evans Life by Arresting Her

It is probable that Patrolman Bowes prevented a suicide when he arrested nineteen-year-old Alice Evans, on the wharf last night.

Bowes says that he found the girl standing on the top of the wharf and, in reply to a question as to what she was doing, there she told him she was going to jump overboard. The patrolman asked her why, but she refused to tell him, adding that she wished she had a bottle of carbolic acid that had been taken from her.

The charge against her is that of wandering about on South West and being unable to give a satisfactory account of herself to the police. She was not dealt with in court this morning.

SUMNER'S MILLS BURNED AT ST. PETER'S VILLAGE N.B.

Mills and Large Pile of Lumber Totally Destroyed—\$30,000 Insurance on Mill Property Largely Held Here

Sumner & Company's big sawmill at St. Peter's Village, near Bathurst, was totally destroyed by fire last night, the loss being in the vicinity of \$40,000. The fire occurred about 7 p. m. and according to dispatches received by the local insurance offices the property is a total loss. A considerable quantity of lumber that was piled near the mill was also destroyed.

The origin of the fire is unknown. The mill property was insured for \$30,000, divided as follows: German American Co., \$2,000; Norwich Union, \$2,000; Northern, \$6,000; Ottawa, \$1,500; Western, \$2,500; Atlas, \$5,000; Commercial Union, \$2,000; New York Underwriters, \$2,000; Union, \$2,500; Lumbermen's Mutual of Mansfield, Ohio, \$1,900; Central Manufacturers of Von Wert, Ohio, \$600; Pennsylvania Lumbermen's of Philadelphia, \$1,500; Lumber Mutual of Boston, \$1,500.

Total \$30,000. The last named four companies have no representatives here. The lumber is mostly insured in American Mutual Companies, the exception being \$5,000 held by T. B. and H. B. Robinson, \$3,000 in the Norwich Union and \$2,000 in the German American Co.

Moncton, N. B., April 1 (Special).—The Sumner Co.'s large mill at Bathurst was destroyed by fire last night. Extensive repairs were being made. The men who were making the repairs left the building at 8 o'clock and the fire was discovered about 7, the flames appearing to be all over the building. The men claim they had no fire in the mill and the origin a mystery unless caused by torches or lamps that the men were using, which probably was the cause. There was about four million feet of sawn lumber in the yard which was saved and about 100,000 feet of lumber in the mill which was destroyed. The loss is partially covered by insurance.

CRIMINAL NEGLECT MAY BE CHARGED

Men who were with Frank Nowlan may be Asked to Explain

Coroner Berryman when asked today relative to the death of Frank Nowlan, whose body was found in MacBeth's field, near the golf links yesterday, said that as far as he could see, the case might resolve itself into one of criminal neglect on the part of the men who were with Nowlan when he was found drinking on Sunday, and who must have known he was drunk when they left him in MacBeth's field.

Dr. Berryman stated further that he had placed the matter in the hands of Coroner Roberts, who was in communication with the police and stated that he would be unable to further investigate the matter till this afternoon.

THE TIMES NEW REPORTER

CITY HALL TROUBLES. The mayor's clerk and the city engineer had a war of words this morning over a matter of words this morning. The mayor declared that it was on a Monday for he heard about it at church the day before, while the city engineer asserted that it was on a Saturday, and that he saw General Monckton at church the next day.

These little disagreements between these worthy citizens are a great annoyance to the mayor, who is constantly compelled to intervene to prevent a duel for the day or two. HEADS MAY BE EXPECTED TO FALL AT OTTAWA NOW

Ottawa, Ont., April 1.—(Special).—The decision of the cabinet in connection with the report of the civil service commission is that the minister of marine and fisheries was to act as promptly as possible on the lines of the commission's report. Mr. Brodie has not time in doing so. It is understood that he has already made some headway and the premier is ready to make a statement in the house today if the opposition make inquiry.

Mr. Brodie has set out to make a thorough reorganization of his department as a result of the commission's report, giving him a pretty free hand in the direction. The minister has already decided to suspend two or three prominent officials and the dismissals are to follow. Suspensions will cover outside as well as inside services. In other words officials are expected to drop in the basket at any moment. It was in recent some time ago that the department was to retire in a few days, a new deputy will be appointed, and under his administration the department will be thoroughly renovated.
