FREDERICKTON FOR NEW FEDERATION

After quotations from some local papers on Saturday night's meeting with President Lithgow of the M. P. A. A. of the Fredericton Glenora club, the following "Without hesitation the writer once more goes on record as favoring the rule of the Federation which allows professional and amateur to play together and cut at all necessity for hypocrisy and other vile and which for various reasons seem much more suitable than those almost dying 'pro' and 'amateur' terms."

To all of which this paper can fully subscribe. It only remains for the New Brunswick people, or a reasonable number of the club, to say the word.

ATHLETIC GOUGH AND "YANK" ROGERS.

MONTREAL, Nov. 27.—Championship wrestling seen to be the real thing in the wrestling line in this city. The very deserving competition between Eugene Tremblay and George Rogers at the St. Lawrence rink last Friday evening, was so well patronized by local lovers of the game that the management have announced for the coming Friday evening another championship affair. The old favorite, Frank Gough, America's heavyweight champion, will, this week, take on Yank Rogers in a match for the title, best two in three falls. A number of good preliminaries have been arranged.

PROKOS ROUGHLY HANDLED.

ST. LOUIS, Nov. 25.—Charley Olsen defeated and almost killed James Prokos, a Lowell, Mass., Greek, in a wrestling match at the Missouri Athletic Club. Olsen gained the first fall in seven minutes and the second in three seconds. Prokos was rendered unconscious in the second round, and it was half an hour before he revived. The blood gushed from his ears, nose and mouth.

EVEN FRANK GRIERSON IS SATISFIED.

In connection with the charges against the Irish Canadians, Vice-president Frank Grierson, of the C. A. U., made an interesting statement also. Mr. Grierson has looked into the Carnival committee's accounts which are in the hands of Mr. Mulcahy, B. Taylor, and says positively that Flanagan's statement as far as the total sum received goes, is absolutely correct. Mr. Grierson has secured a copy of the receipts and accounts that passed between the Irish Canadian and the Sports committee, and is satisfied that Mr. Flanagan's statement of expense is an honest one.

WALKING BARBER AT LAST.

TORONTO, Nov. 25.—Dave Hartley, of Peterboro, defeated "Jimmy" Reynolds, the Port Hope barber, by one mile in the 12-hour match walking race at Mutual street rink on Saturday. Hartley covered 17 1/2 miles, and Reynolds a mile less, at an average speed of 4.34 miles an hour.

FOOTBALL NO ONE AFRAID OF PLAYING WITH THE MONTREAL TEAM.

TORONTO, Nov. 25.—Varsity II, having captured the Canadian Amateur Championship by defeating Tammany Tigers, would like to have a whirl at the Inter-provincial Intermediate Champions, the Intercollegiate Union officials are now being communicated with in regard to the matter.

BILLARDS DE RO DOWNING HORGAN.

ST. LOUIS, Mo., Nov. 25.—The 20th. stich in the three-cushion billiard tournament for the De Oro over Horgan, 50 to 38, high run. De Oro 5, Horgan, 4.

PARKER, WITH CUTLER, ON TOP.

BOSTON, Nov. 27.—At the Hub parlors last night, Parker and Cutler, champions of the class B billiard tournament, the former winning by a big margin. Parker's average was 5.53, his total for the 39 innings being 20 to his opponent's 71. In the afternoon Albert Cutler played with Laurie, 18-1 against 18-2, a 300-point game. Cutler's high run was the 127 of Laurie 42, and his average 13.14-22, Laurie's 8.20-21. Cutler made his high run in the 21st inning, netting him his 300 score to Laurie's 188.

BASE BALL BILL DONOVAN TOPS

The American league fielding averages and records of the league's pitchers have been announced by President B. Johnson.

For pitchers the figures show that the season's honors were divided between Eddie Jos of the Chicago White Sox and Wild Bill Donovan, of the Detroit team. Jos and White are tied for greatest number of games won, each having 27 victories to his credit. Of the two, Jos has the high average, winning 27 and losing 11, while White lost 13.

In winning average Donovan leads both Jos and White, for by winning 23 and losing 4, with one tied game, he gets an average of .852 against the .711 of Jos and the .675 of White. Dygert of the Philadelphia Athletics also pitched creditably, getting 20 victories and nine defeats, but he was taken out five times. His average of .800 places him between Jos and White in the average list.

Old "Cy" Young leads the Boston Americans in winning average, and, of course, in games won. Despite the rather weak

McGOLDRICK STANDS ALONE AGAINST THE WHOLE BOARD

Not One Member of the Board of Works Agreed With His Decision to Exclude Newspaper Reporters—Chairman Gets Sharp Rebuke from Other Members.

At the regular meeting of the board of works last evening it was decided that newspaper men should be admitted to the meetings.

This action was directly contra to Chairman McGoldrick's ruling in claiming that the board hold a private session at his pleasure.

A complaint from J. K. Seammell that the Monmouth, lying at No. 3 bene, was discharging coal with its taking proper precautions against its being dumped into the harbor, and that the ash ports were not sealed, was referred to a special committee with power to act.

A request from Ald. Pickett for a report from the board on the matter of a brewery discussion between himself and the chairman, who said there was nothing to report. The fact that the city had been occupying a private citizen's stable and yard on the west side for sixteen years and paying nothing for it. Compensation to the extent of \$250 was recommended.

The director was instructed to report at the next meeting as to the cost of adding another story in the shed for an office and waiting room.

The subject of the chairman's action in excluding the press was then taken up, and resulted in considerable discussion. It was learned after the meeting that the chairman was taken by Ald. Pickett.

The chairman intimated that he was personally responsible, adding that if the action did not sit it, it was up to him to make a resolution.

Ald. Pickett asked the chairman if he was not aware that since 1892 the board meetings had been open to the press by order of the common council, unless the press were excluded by special resolution.

The chairman replied that he had taken the responsibility. It was not now up to him to make a motion.

Ald. Pickett suggested that any action might be left to the chairman's own good sense. The chairman said he was not prepared to do that.

Ald. Baskin supported Ald. Pickett, expressing the opinion that the chairman's action was a mistake. The chairman wanted a motion moved that the press be allowed to remain present during the meetings.

The chairman said as all reports were to be made to the common council, the board should have an opportunity to be heard. He was going to stand by what he said. If they wanted to vote it down he would do it.

Ald. Bullock reported to have sympathized with the chairman's position and to have declined to vote against him. He said he was not going to vote against him.

The chairman said he was at once denied by others present. Ald. Baskin said he was agreed with the chairman's position and to have declined to vote against him. He said he was not going to vote against him.

After a few remarks from other members the reporters were called into the common council room.

The chairman, addressing them, said he wanted them to know that he was opposed to their being present. He wanted to put a motion and they could take a vote on the matter.

Ald. Baskin's motion was then put. There were several yeas and a dead silence on the call for yeas.

The chairman—"Is nobody voting against it?"

Somebody called "question," and Ald. Pickett, Willet, Sprague, Baskin and Sprout stood up in favor of the motion.

Ald. McGoldrick said he was not a member of the board.

There was no response when "yea" was called.

Ald. Vanwart, Baxter and Bullock took no part in the proceeding.

Subsequently, in reply to a question, the chairman gave his reasons.

Ald. Vanwart said he did not vote out of respect for the chairman.

Ald. Baxter said as there was already an order of the common council that the press were to be admitted, no vote was necessary.

The Chairman—"Oh, that's where you get your news. Why don't you come to city hall often?"

Ald. Pickett—"It seems I can't get news anywhere else, and it's a pretty good place to get it."

The discussion then turned on the fact that the press had not been placed.

Ald. Pickett wanted to know if it was the city's fault, as the newspapers were blaming the city.

Ald. Baxter in a lengthy speech claimed that the council and board of works had nothing to do with the dredging and were not to blame if the government department was slow.

Everything possible had been done. The alderman commented on a recent statement in a city newspaper, intimating that the common council was responsible for the fog which delayed the city.

A motion to build a concrete retaining wall in the rear of W. V. Hatfield's property on Union street, was lost.

The director was instructed to report at the next meeting as to the cost of adding another story in the shed for an office and waiting room.

THE LAUNCHING OF THE DREADNOUGHT

This is the Feature Picture at the Nickel Tonight and Tomorrow.

The inspiring British naval pictures shown the first of the week at the Nickel were only the forerunners of what is to follow today and tomorrow. This later program eclipses anything yet attempted in this city in the way of genuinely interesting and instructive motion pictures.

King Edward at the launching of the greatest battleship in the world, H. M. S. Dreadnought, his majesty is seen at the ceremony, as he makes a bottle of champagne against the monster craft, which soon slides off the ways with a great splash and swelling of the tide.

Picture number two is Grand Royal Review of the British Home Fleet, with little groups of admirals and a pleasant chat between the king and Sir John Fisher, first sea lord, who will be remembered by many in this city as the commander of the North Atlantic Squadron at Halifax about ten years ago. Here we have a twelve minutes picture showing the fleet's might action, as seen from the royal yacht.

How They Enjoy Winter in Norway will be looked at with next attention, for it shows the northern people at all-jumping pastimes, sleighing, ice boating, sailing and other pastimes. Tommy in Society is a clever comedy, with children in the principal roles.

Perney Hirschman Tells His Part of Story

The Case Fully Reported, Proves the Work Done by Dr. Hamilton's Pills.

Halifax, N. S., Aug. 26.—A well-known resident at 93 Sackville street, Mr. Perney Hirschman, who has been in a somewhat precarious condition lately, has recovered, and says: "Six months ago my appetite fell off and my health became very poor. I had terrible attacks of indigestion and often was unable to sleep at night. My poor color showed what an ill man I was. I tried numerous remedies but the only genuine one was Dr. Hamilton's Pills of Mandrake and Butternut. Two boxes cured my indigestion. My appetite increased and my strength came back quickly. Today I have a fine zest for my meals. I feel as strong and healthy as a young boy. Because they are so cleansing and so tonic in their effect I think Dr. Hamilton's Pills should be used by every person. My wife used them regularly with grand results."

Charles Mitchell, the English pugilist, is picking Tommy Burns to fight Gunner Moir in London next week.

Schooner Cora, Captain Johnson, was wrecked during last Monday's gale at Fresh Water Cove, about 10 miles from the coast by storm.

Stomachy Cora, Captain Hale, of the West India line, will go direct to Halifax from Bermuda this trip.

AT THE PRINCESS

Three entirely new films, generally conceded to be among the best ever shown at the Princess Theatre yesterday. The story of Ali Baba and the Forty Thieves, colored in time of Oriental beauty, was universally admired and especially delighted the children. The other novelties were the simple Poets, and the Artistic Carver, a fine educational series. The programme will be repeated every evening with the illustrated song, sung by A. Bernard.

Among the arrivals at Portland Sunday was the British schooner H. A. Holder, from St. John with spruce boards. The vessel left St. John about 8th, and was delayed along the coast by storms.

Stomachy Cora, Captain Hale, of the West India line, will go direct to Halifax from Bermuda this trip.

HOBBY

Good hockey prospects for St. John seem to have been secured by the action of a ring of young men interested in athletics, who, headed by H. J. Smith as president, have issued the Quebec Rink and Ice Skating Club, and J. M. Queen, and this winter will open it to the public as a sporting and skating rink.

The rink will be entirely under new management and will be known as the Glacier Rink. The idea is to have the rink cleaned, treated fairly, while the general skating public will be given a chance to indulge in the favorite winter amusement. New ideas will be introduced and the rink will be conducted on sound business principles though it is said it is not undertaken as a business venture by Mr. Smith.

It is planned to show every consideration to ladies and children and on band nights a matron will be in attendance to look after the young ladies.

RATHER SEVERE ON THE M. P. A. A.

(Halifax Recorder.)

If Halifax wants to be in the running another year in the hockey world, it looks like it will have to follow the example of other places and have manufacturing or other concerns where men may obtain positions, and when the winter arrives "play hockey for recreation purposes."

Mr. Lithgow will please take note. This is certainly coming nearer home.

Rouse O'Brien has wisely called off all prospective matches and will spend some time in the country recuperating. O'Brien when right, rates high in his class, but has not shown his own form for some time past.

If We Could Look at the Heart of a Pale-Faced Person!

Few people ever stop to consider what pallor to the countenance means. In the first place it indicates an absence from the blood of the rich, red, life-giving elements so requisite to health; and in the second place it indicates a weakened heart action. These two things act and react. If we could look at the heart of one of these weak and pale, no wonder they are easily tired, get out of breath quickly, have palpitations, are nervous and downhearted. Their muscles are poor, their stomachs disordered, and their lives are seldom free from misery.

Let them take Milburn's Heart and Nerve Pills; there is no remedy to equal them for making pale faces rosy, weak hearts and shaky nerves strong, flabby muscles firm, and infusing new hope and ambition into life.

Mr. W. J. Churchill, Lombardy, Ont., writes: "I was troubled for three years with a weak heart and nervousness. I could not sleep and ever so little seemed to distress me. I also had faint and dizzy spells, and doctored with three doctors but was growing weaker. After taking four boxes of Milburn's Heart and Nerve Pills I feel as well as ever I did. They are the best pills on earth."

Price 50 cents per box, or 8 for \$1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
