THE BEST IRONING TABLE AND SHIRT BOARD COMBINED.

Took First Prize, Toronto Exhibition, 1887.

PAT'D AUG. 9th, 1887.

Why has this Board so many advantages over all other Boards?

Answer—No more bother on Ironing days; you avoid all trouble having to clear table to get meals. If you get one of these tables you can do your Ironing while the meals are cooking and save the price of your table in fuel. You can move your table wherever it is cool for Ironing, and not be roasted over your fire for half a day as you do when you use the kitchen table or other kinds of Ironing tables.

It stands on its own feet, not requiring the use of another table to support it.

It is steady, not like other tables, rickety.

If you wish to iron, this Board is easily movable and ready at a moment's notice.
