A Beauty Hint

The Bugbear of Blackheads

XAMINE your skin closely and see if blackheads are forming under the skin—especially round the nose, mouth and chin. Blackheads are a confession of the use of the wrong method of cleansing for the type of skin subject to this disfiguring trouble. The following Woodbury treatment will keep such a skin free from blackheads.

Apply hot cloths to the face until the skin is reddened. Then with a rough washcloth work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with clear hot water, then with cold—the colder the better. Finish by rubbing the face for a few minutes with a piece of ice. Dry the skin carefully.

Do not expect to get the desired result by using this treatment for a time and then neglecting it. But make it a daily habit and it will give you the clear, attractive skin that the steady use of Woodbury's always brings.

To remove blackheads already formed, substitute a flesh brush for the washcloth in the treatment above. Then protect the fingers with a handkerchief and press out the blackheads. Thereafter, use the above Woodbury treatment in your daily toilet.

A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks of this treatment. Get a cake today. It is made in Canada and is for sale by Canadian druggists from coast to coast.

BISURATED MAGNESIA

An absolutely harmless antacid in all cases of fermentation and souring and belching of food, gas, indigestion, etc. A teaspoonful in a fourth of a glass of hot water usually gives INSTANT RELIEF. Sold by all druggists in either powder or tablet form at 75 cents per bottle.

Y. M. C. A. FINANCES

A budget of \$12,500, constituting a record, was adopted at last evening's meeting of the Y. M. C. A. directors. In addition to the operating expenses of about \$11,400, it was decided to raise \$1,500 in a special fund for repairs to the building. F. N. Brodie reported for

the property committee that the new Bank, physical director, and P. J. Leggs, boys' work secretary, to attend the Y. M. C. A. workers' summer camp at Lake Couchiching (Ont.), and complete their senior year there.

Most people would rather blame a man for what he doesn't do than give him credit for what he does.
