Otis Skinner was recounting some of
his experiences in "Kismet," not the
motion picture version, but the stage
play in which he made such a big suc-
cess all over the country a few years
ago. "I remember when we played in
Cincinnati," he said, "that we had
trouble with our harem pool. We al-
ways tested it before the show, and on
this night, instead of the slightly heat-
ed water pouring through the pipes, it
was jets of steam. We sent out and got
all the ice we could procure, but even
when the harem girls plunged in, it
turned red as beet. A little later
called on to throw the grand
vase, Hamilton Revelle, into the pool.
We had forgotten to tell him about the
temperature and when he struck the
water he let out a yell that we thought
would break up the show. But it
didn't, and you can imagine our sur-
prise next day when the critics com-

SKILLED WORKMEN

only are employed in our tin and sheet
metal shop. Consequently when you
give us an order for any work you can
rest assured it will be done properly
and quickly. Another point is the fact
that we use absolutely the best materi-
als on all jobs. No wonder we can
guarantee satisfaction to our customers.

TRY A CAN OF OUR VARNISH

on that old table, chair, bed or
dresser, and watch the transforma-
tion. Why, you would hardly
know the old article of furniture
after using our stain and varnish.
Bright and polished like a new
piece it will be. And the cost is
trifling.

MORE MALES THAN FEMALES IN STATES

Washington, July 8.—There are 2,090-
182 more males than females in the
United States according to census figures
for 1920. The ratio is 104 as compared
with 100 to every 100 females in the
period of 1900-1910.

"Smith" is the family name of three
English peers, six baronets, thirty-seven
knights and 200 companions of various
orders.

ST. JOHN BRANCH—W. H. Lugsdin, Manager

ACCUMULATIVE BONDS

are a medium of investment especially attractive to those having a sum of
money on which they are prepared to allow the interest to accumulate. We
issue these Bonds for \$100, or any multiple thereof. They bear interest at
5 1/2 per cent. per annum, COMPOUNDED HALF-YEARLY, and the
following table shows the amounts required to purchase Bonds for specified
sums payable at the end of five years:

\$ 76.24 will purchase a Bond for \$100

\$152.48 will purchase a Bond for \$200

\$325.20 will purchase a Bond for \$500

\$762.40 will purchase a Bond for \$1000

Money invested to return simple interest at 5 1/2 per cent. per annum,
payable half yearly, will double itself in a little over 18 years, whereas if
invested to return the same rate compounded half yearly it will double
itself in less than 13 years.

We particularly recommend these Bonds to those not in need of an
immediate return on their investment or to anyone wishing to provide an
amount for a specific purpose at some future date.

Any further information desired will be gladly furnished on request.
