SAYS COMMISSION HAD AUTHORITY TO RAISE ESTIMATE

Secretary in Chippewa Enquiry Claims Act of 1919 Permitted Increase to \$65,000,000.

(By Canadian Press)

Toronto, March 22.—The Ontario Hydro Electric Power Commission had the legal power to increase the estimate for the Chippewa Canal Development from \$26,000,000 in 1919 to \$65,000,000 in 1922, Secretary W. W. Pope of the Hydro Electric Commission, told the Gregory Commission at the enquiry here yesterday into the expenditures in connection with the Chippewa Canal undertaking.

"If you will examine the act of 1919," Mr. Pope said to N. W. Rowell, K. C., counsel for the commission of enquiry, "you will find that the board had power to go on with this work. It also made the municipalities responsible and allowed changes on the request of the municipalities. Therefore it was not considered necessary to go to the government for authority every move in connection with it. I think that was the conclusion reached."

The executive of the R. K. Y. C. met last evening in the Board of Trade rooms in Prince William street, with Commodore Walter Logan in the chair. A general discussion concerning plans of the club for the coming season was carried on and it was decided to have a more extensive programme this summer than ever. A vote of approval from the club was ordered sent to John Kimble in connection with his work here in organizing a branch of the R. K. Y. C. in this city. It was also decided last night to hold the regular May meeting in the form of a banquet. Some routine business also was disposed of last evening.
