

REPORT.

THE Executive Committee of the Associated Alumni of King's College, Windsor, on this their Thirty-fourth Anniversary, are happy to be able to announce that the expectations of last year have been more than realized in the increased number of students in attendance on lectures during the academical year just ended; though, while we are thus able to congratulate the University on its extended usefulness, we regret to have to call your attention to the withdrawal of the Government Grant by the action of the Upper House during the last Session of the Provincial Legislature, which, by reducing the revenues of the University, threatens seriously to retard its progress by lessening its ability to meet the general requirements of the day.

Some immediate action on the part of the Alumni, as well as of all persons particularly interested in the welfare of King's College, is therefore called for.

A Special General Meeting to consider the financial condition of the College was called as soon as possible after the decision of the Legislature was made known, but, we regret to report, without result, as the number necessary for a quorum did not attend. Your Committee, with this end in view, have therefore, at the request of several of the Alumni, called a special meeting at the College Hall at two o'clock this afternoon, at which Churchmen and others are invited to be present, so as the more freely and fully to discuss the situation, and advise as to the best course of procedure under the circumstances.

The Board of Governors have appointed a Committee to consider a scheme for raising an additional endowment fund; and requested that a Committee from the Alumni should be appointed to confer with their Committee.

Failing any action at the special general meeting, your Committee appointed a Committee from their own body, composed of Dr. Cowie, Rev. Mr. Abbott, and Messrs. Silver and Sutherland, to confer with the Committee from the Board of Governors, with the hope of arriving at some definite conclusion before this meeting. * Their report will be duly submitted.
