MISS FLORENCE V. STOUT WINS THE \$50.00 PRIZE

TENDERS FOR COAL SUPPLY FOR THE CITY

Offers for Services Controlled by Safety Department Received Yesterday—Fisherman Wants Damages.

The City Council met in committee yesterday at noon. The mayor presided and all the commissioners were present. A claim for \$25 damages done to a net belonging to W. Hodd, by the ferryboat running into it, was referred to the commissioner of ferries. The invitation of the Evangelical Alliance to the mayor and commissioners to attend a memorial service for the late Earl Kitchener was accepted.

A communication from Montreal was received by the mayor, proposing a patriotic fund for sailors, and the general principle was agreed to.

The following tenders for the supply of coal were recommended by Commissioner McLellan:

Fire department—80 tons broken anthracite, City Fuel Co., \$8.90; 40 tons nut anthracite, J. S. Gibson & Co., \$9.40; 6 tons chestnut, George Dick, \$9.50; 120 tons bituminous, R. P. & W. F. Starr, \$6.

Police department—70 tons broken anthracite, City Fuel Co., \$8.90; 10 tons nut anthracite, George Dick, \$9.50; 22 tons run of mine, R. P. & W. F. Starr, \$5.

Market department—12 tons nut anthracite, J. S. Gibson & Co., City Fuel Co., and George Dick, \$9.50.

City Hall—38 tons broken anthracite, City Fuel Co., \$8.90; 20 tons run of mine, R. P. & W. F. Starr, \$5.

Commissioner Fisher announced that he would withdraw his notice of motion in regard to asking the Street Railway Company to rescind its present agreement with the city. Considerable discussion ensued, during which it developed that the commissioner of public works had not approached the Railway Company in the matter at all to see if they would be willing to make a new agreement with the city. It was agreed to recommend to the council that the commissioner of public works be authorized to buy a new concrete mixer at a cost of \$600 handed in St. John.

Commissioner McLellan called the attention of the council to the fact that there was some dangerous overhanging rock on Elm street, where some blasting had been done, and was asked to see about the removal of it.

Commissioner Russell brought up the Tucker farm matter, and asked what was being done to convert it into a park. The city engineer is preparing a set of plans for roads for the park and in the meantime the \$10,000 gift of Miss Tucker is drawing interest.

A POLITICAL RUMOR.

Quebec, June 12.—The latest political rumor circulated here says, with a strong sense of truth, that Postmaster-General the Hon. T. C. Casgrain, will resign his post and leave the public life.

He would be succeeded as postmaster-general by Hon. Speaker Severyn, who would seek election, not in his old constituency of Dorchester, but in the county of Charlevoix, where Sir Rodolphe Forget would resign his seat.

The five-masted schooner Dorothy Palmer, which recently arrived at Gloucester with salt from Spain, has been chartered to load coal at Norfolk for Rio Janeiro at \$18 per ton, which is said to be the highest rate ever paid for a similar passage.

THE POLICE COURT.

Yesterday in the police court Military Policeman Reagally and city Police Constable Gorman, were committed for trial on the charge of accepting bribes to refrain from doing their duty.

Louis Jones, charged with attempting to jump off the Opera House roof, was allowed to go on his mother promising to place him on the indictment list.

Wm. Sharkey, charged with drunkenness, resisting arrest and tearing a policeman's uniform, was remanded.

A small boy appeared in the juvenile court charged with stealing coal. He was allowed to go with a warning.

SCHOONERS WRECKED.

The two-masted schooner Josie, bound from Machias, Me, for New York, was wrecked on Plum Island on Friday afternoon and will be a total loss. Capt. Mitchell and his crew were rescued by Captain E. Stevens of the Plum Island Coast Guard Station, near which the wreck had occurred.

The two-masted schooner Virginian, from Clementsport, N. S., was driven ashore at Salsbury Beach Friday evening after efforts to work her out of the Bay had failed. The wind blew a gale from the northeast and a high sea was running. The Virginian struck near the Hotel Dennis. So high were the waves that she was carried to within 75 feet of high water mark.

The Virginian was loaded with cordwood for Lynn, much of which was washed overboard. She is valued at \$3,500, and there is a partial insurance. It is believed the vessel will be a total loss.

Miss Hazel Winter, of Fredericton, Takes Second Place and Captures the \$25.00 — Several Other Members of The Club Were Very Close in the Running—Relative Standing is Somewhat Changed Today — Only Two Weeks Remain for Effective Work.

First Prize Miss Florence V. Stout, St. John
Second Prize Miss Hazel Winter, Fredericton

The above is the result of the special prize offer in The Standard Travel Club which closed on Saturday evening, June 10th. The vast amount of business which came in during that portion of the competition was checked up yesterday morning and results ascertained. Miss Stout, who previously has been down in eighth or ninth position, jumped to second position in the list by reason of the remarkably effective work which she accomplished during the past week or ten days. Miss Winter, who is carrying on her campaign under a rather serious handicap, has done really splendid work and now holds third position, although the difference between her and those ahead of her is very slight. The heartiest congratulations should be extended to Miss Murray, Albert; Miss Newton, Grand Manan; Miss Porter, Westfield; Mrs. Lee of Woodstock, and others who were in this special competition to win and who made a remarkably fine showing. Unfortunately for these they just missed the prizes, and possibly a few minutes more work than they put on the competition would have earned them the special cash prize money.

The Standard has received certain information relative to the western trip which indicates that about the middle of July, the exact time to be given later, the party for Alaska will start from Toronto and will number one hundred and thirty to one hundred and sixty ladies. They will represent newspapers and other organizations all through the Eastern States and Canada, and will be under the guidance of a capable staff who have been over the road on previous occasions and who know how to make the trip enjoyable.

The standing of the members of the club today is as follows:

Orillia, Ont., Nov. 28th, 1914. "For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches.
