

FOR WOMEN A MUSEMENTS

St. John's Presbytery Quarterly Meeting

Much Important Work Accomplished at the Session Held Here Yesterday.

Many matters of importance in the work of the Presbyterian church were discussed and settled at the quarterly meeting of the St. John's Presbytery held in St. Andrew's church yesterday morning and afternoon. The churches were well represented, nearly every member of the Presbytery being in his place.

At the morning session, Rev. J. M. MacPherson, acting moderator, presided. The election of officers resulted as follows:—J. P. MacKay, moderator; Rev. Frank Baird, clerk; Peter Campbell, treasurer.

The courtesy of the meeting was extended to Rev. Dr. Macquarrie, port chaplain; Rev. V. M. Purdie, of the Girls' Home at Truro, and Rev. W. H. Spencer, who were invited to sit and correspond.

Rev. J. A. MacKegan spoke briefly on the organization of the forward movement, and on his motion it was decided to abolish the old forward movement committee and merge its work in that of the general interest committee.

It was reported that Rev. A. M. Gillies had been doing excellent work in the Sunday schools along the Upper St. John, and it was announced that he had turned in a most instructive report, which will be dealt with later.

A motion of thanks and appreciation was passed.

A commission, consisting of Rev. J. A. Ramsay, Rev. P. S. Dowling, Rev. A. Sutherland, Col. Murray MacLaren and A. P. Bentley, was appointed to deal with problems on the Sussex circuit.

Rev. P. S. Dowling read the report of the Home Missions committee. He told of the work done by the committee at St. John's, and moved that \$1,000 be drawn from the Home Missions fund, \$1,250 from the general board church and mission building fund, and \$200 from the eastern session church and mission building fund for the purpose of building a community hall.

Women's Auxiliary Diocesan Board Met

Satisfactory Reports Heard from Various Officers—Discuss Annual Programme.

A well attended meeting of the Women's Auxiliary, Diocesan Board, was held yesterday afternoon at St. Luke's church, Mrs. G. A. Kurling presiding in the absence of the president, Mrs. Geo. P. Smith. Rev. R. P. McKim welcomed the members of St. Luke's, giving a short inspiring address upon the words, "Come" and "Go," dwelling upon the fact that two of the commands given by Jesus are, "Come Unto Me" and "Go Ye Into All the World."

The programme for the annual meeting, which will be held in April, was discussed and several arrangements made. Reports of a satisfactory nature were heard from various officers.

Mrs. John Hay, Diocesan secretary, spoke of the appeal from the Diocesan Board, and urged members to study and respond to these. The necessity for increasing the contributions to the General Pledge Fund was mentioned, as this year the W. A. is being asked for \$2,200, a larger amount than ever before.

It is also hoped that the Thank Offering, which last year was \$1,000, will this year exceed that sum.

In the absence of Mrs. Forster, Mrs. Kurling read the corresponding secretary's report, stating that the branch at Richibucto has been re-organized and a Girls' Branch formed there.

A very interesting letter was read from Miss Shaw, Missionary to Japan. She told of the work done by Miss Hamilton, who, it will be remembered, died at St. John on her way from England to Japan.

Miss Shaw paid a high tribute to the work of Miss Hamilton, who was one of the oldest missionaries of the church in Japan. As a memorial to her friend, Miss Shaw has made herself a life member of the Presbyterian Diocesan branch of the Women's Auxiliary.

A very interesting letter was read from Miss Shaw, Missionary to Japan. She told of the work done by Miss Hamilton, who, it will be remembered, died at St. John on her way from England to Japan.

REFLECTIONS OF A BACHELOR GIRL

By HELEN ROWLAND
(Copyright, 1920, by The Wheeler Syndicate, Inc.)

It isn't what a woman knows, that bothers a man—but how she found it out.

When a man tells you that you are the only girl he ever loved, he may be right—but don't forget that you are "loving something," which it may take a lot of other girls to finish. Somebody has to be the first!

Taking the concept out of a man may be a praiseworthy act, but it's almost as cruel as telling a small boy that there is no Santa Claus.

"An owl," says science, "will swim three thousand miles to find himself a mate"—and then, I suppose, he'll say that the lady-owl "lured" him into matrimony.

A man's idea of a chivalrous exit from a flirtation is to make a girl believe that the reason he wants to stop making love to her is because he "loves her too much."

A woman is always demanding proof of a man's love. In one class of society, she doesn't believe he loves her unless he boasts her; and in another, unless he is willing to pay her alimony. The tokens of the tender passion are all a matter of logic.

In plays and in novels, the hero is "just in time," but in real life, any man who is less than twenty minutes late for anything, from his dinner to his wedding, considers himself a "hero."

For most women, marriage is a legal contract, to devote three-quarters of their life, and energy to coaxing a man to get up mornings and persuading him to go to bed, evenings.

A girl baby spends two years in learning to talk—and all the rest of her life in trying to learn not to.

Ouch! My Back! Rub Lumbago Pain Away

Rub Backache away with small trial bottle of old "St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

Excellent Organ Recital Given

Large Audience Delighted at St. David's Church—John Bayard Currie and Others.

A number of the music lovers of the city greatly enjoyed the excellent organ recital given in St. David's church last evening by John Bayard Currie, Organist, assisted by Miss Emma Cline, Soprano, Miss Blenda Thomson, Contralto and Rhona Lloyd-Winter, Violinist.

The programme was as follows: Allegro Moderato and Andante, from Concerto (Horatio Parker); Angel's Serenade (Bragas)—Miss Emma Cline; Violin Obligato by Rhona Lloyd-Winter.

Offertory in D flat—Salome. Alleluia from the Mass—Miss Emma Cline; Religious Melody, with variations, from Grand Sonata in A major—Geo. B. Whiting.

Largo, from "The New World Symphony"—Dvorak. Cradle Song—J. B. Currie. Triple Fugue (St. Anne) in E flat—Bach.

Précès to the "Deluge" (by request)—St. Scaens. Like As the Heart Desires (Allison)—Miss Thomson. Toccata in G Major (Debussy)—God Save the King.

WINDSOR CHAPTER.

A meeting of the Windsor Chapter, I.O.D.E. was held last evening at the home of Miss Blith Cameron, Guildford Street, West St. John, the regent, Miss Gertrude Lawson presiding. After transacting some business connected with the affairs of the Chapter, plans were made for an informal dance to be held in March.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good. Your 2½ ounces of Pinex in a 16-oz. bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly breaks the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

New Secretary Was Welcomed

W. L. Caldwell Replaces W. H. Lugadin of Victorian Order—Reports Received.

The new secretary, W. L. Caldwell was welcomed at last evening's meeting of the Victorian Order Board. Mr. Caldwell replaces W. H. Lugadin who has given valuable service in this capacity and who remains as a member of the Board.

A committee of two, Mrs. George E. Smith and Mrs. Harold Mayes were appointed to meet with the Board of Health to consider Child Welfare Work. In the absence of Miss Morde, Miss Oble read the superintendent's report stating that 1363 visits have been made during the month of which 847 were child welfare. There were 181 new cases included in the total number of visits. The following committee was appointed as a House Finance committee, Mrs. H. A. Powell, E. L. Rising, W. H. Lugadin.

Judge Forbes presided at the meeting which was held at the Victorian Order Home, Carlton Street. The following members of the Board were present: Mrs. Harold Mayes, Mrs.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Wm. H. Fletcher

In Use For Over 30 Years

IMPERIAL

MONSTER BILL FOR TODAY!

Would You Tell?

If you were a girl, and the only work you could find in the whole city of New York was as a chorus girl—would you tell the boarding house cats that?

Or would you be mysterious and say nothing? Would you face their open contempt and sneers or let them gossip behind your back, while you struggled on and on to make good?

That's the dilemma. Penelope Penn faces in this play, a most human, appealing comedy that runs a whole year on Broadway.

Quit Meat If Your Kidneys Act Badly

Take tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism and uric acid, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Board of Health In Long Session

Milk Producers Given Another Chance—Sanitation Must be Improved.

The monthly meeting of the Board of Health resumed last night on an unusually long session yesterday when a number of reports were heard and considerable business of a routine nature was transacted.

The board assembled at shortly after three o'clock and did not rise to adjournment until after seven o'clock. Chairman John Kelly presided, and all the other members were in attendance.

The matter of a strict enforcement of the by-laws regarding the city's milk supply was gone into at some length. A number of the dairymen have not brought their milk up to the standard required by the board, and it was felt that drastic action must be taken with them.

Milk Dealers Must Obey.

Eight or ten milk producers, Kings and St. John's, will be given one more chance, but their heads then fall to meet with the board's requirements, they will be prohibited from selling milk in the city. Several large herds will be placed under the board's interdiction if the warning is not heeded.

Sanitation Must be Improved.

Sanitary Inspector Walsh reported 35 old-fashioned privies at points with in the city, where proper sewerage connection could be made, and that 58 exist where connection is impossible.

The inspector was instructed to advise the owners that where sewerage connection is possible, sanitary systems must be installed. The other owners will be required to substitute sanitary vault closets in lieu of their present cesspools.

Regular Meeting Of The W.C.T.U.

Communications Read and Reports Received—Motion of Sympathy.

Mrs. Hanselpecker led the devotionals at the regular meeting of the W.C.T.U. held yesterday afternoon, Mrs. David Higginell presiding. After reading from John's sixth chapter, Mrs. Hanselpecker asked members to offer prayer. She then read "The Song of the Syrian Queen." A collection was taken for missions.

A communication was received from the Provincial president, Mrs. J. S. Perry P. E. I. regarding the proposed securing of an organizer, Mrs. Lawson, Fredericton, Provincial Treasurer wrote regarding funds.

Mrs. Seymour brought out-cut garments which will be made up for the Protestant Orphan Home. A report was received regarding the quilt and garments made at Parker meetings which have been distributed through the Associated Charities. Mrs. Hope Thompson told of her visits to the Hospital and was given funds to continue her work of taking fruit and flowers there. A motion of sympathy was passed to be sent to Mrs. W. C. Good in her bereavement.

The President reminded members of the Quarterly County meeting to be held today and the parlor meeting of March 14th.

A communication was received from W. G. Clark treasurer of the Temperance Alliance acknowledging money received from members whom Mrs. David Higginell had asked to join the Alliance.

condemned by the board as unfit for human habitation. On examination it was found to be without water or sanitary connections and badly out of repair. It was occupied by several tenants, and the landlord's roll was augmented by over a thousand dollars a year from the rentals he collected for his block.

Dr. T. Fred Johnston, slaughterhouse and dairy inspector, noted the fact that eight head of cattle from the Fredericton Government Experiment Farm had been killed at McDonald's slaughterhouse during February.

The animals were given the tuberculin test and reaction set in. After being killed they were examined and it was found that they had slight glandular trouble, but not enough to impair their sale as food.

Miss Bertha, nurse for the Anti-Tuberculous Society, reported 200 patients under the care and supervision of the society.

Mrs. Edmund Fawcett, food inspector, reported a breaching of the scope of her work and an encouraging improvement to be noted in the establishments included in her inspection.

Dr. Mabel Hamilton, medical inspector of schools, gave an itemized account of the admitting to the schools of children who had contracted measles during the recent epidemic. The North End schools were found to have suffered the most, particularly the little Newman street school.

The doctor also read an extensive report of a mental survey of the children in the city schools. Over fifty children require special treatment, she stated.

DAUGHTERS OF ISRAEL.

The Daughters of Israel held their regular meeting last evening at the Y.M.H.A. Mrs. J. Goldman presided. A number of cases were related had been given were reported and it was stated that, in several other instances, the Society had been able to contribute towards the work of the Hebrew Emigration Society.
