Man-hunting bloodhounds are to be used by the Erie railroad in tracking tramps and railroad thieves who have een committing crimes along the line. Two bloodhounds have been purchased by Erie Detective Charles B. Perry for this purpose.
The dogs are well broken and have already made several captures. It is proposed to use them in tracking gangs of thieves who have been looting freight trains, to their hiding places; and it is thought that the knowledge that the am-

Shamrock II.

Southampton, May 19.—Sir Thomas Lipton said to a representative of the Associated Press tonight:

"Everything connected with the Shamrock II is now in proper condition for a thorough racing trial. I am determined that the challenger and the former challenger shall figh it out in a manner to test their respective abilities beyond all question. Both yachts will be sent out tomorrow morning for a long day's racing on the outside course and an endeavor will be made to test them on every possible point, sailing in whatever weather offers.

"The trials will be continued daily and the Shamrock II will be driven as hard as possible, with the double purpose of proving her speed and discovering any weakness."

Bristol, R. I., May 19.—M. W. Butler Duncan stated this afternoon that the Constitution will go out tomorrow forenoon for het trial spin provided the weather is suitable. The Constitution will come back to Herreshoffs' after the trial to have all her fits the constitution will sale work will take tings put on board, which work will take a week. Mr. Duncan will go to New York immediately after the trial and will not re-turn until the boat is ready to sail again, joining her at that time at Newport for the

with reference to the Independence, Mr. Duncan said that he had nothing to say except that he had entered into an agreement verbally to race the Independence at Newport on July 2, 4 and 6. He said he was too busy himself with the Constitution to have anything to say about the alleged controversy. Tonight it was sprinkling and the wind had changed to northeast so that the chances of her trial tomorrow are somewhat slim.

Croker Winning in England.

London, May 18.—Richard Croker is paying little attention to New York affairs at present, finding ample pleasure and profin the British turf. Those who saw him at the Gatwick and Newmarket races this week describe him as thoroughly enraptured with racing and, horse freeding. First under Johnnie Reiff and then under Lester Reiff, Mr. Croker's five-year-old bay gelding Harrow, purchased for £1,000 in 1900, has withing a fortnight won £1,700 in stakes and was freely backed by the American contingent on both occasions at substantial odds. Harrow's success is regarded as another triumph for American trainership which has worked a miraculous improvement in the horse.

Mr. Croker is taking great delight in his Wantage breeding farm, which he has much beautified and where he is having much success with foals.

London, May 18.—At the Gatwick spring meeting today Sheerness, with J. Reiff up, won the Princess handicap of 1,000 sovereigns. Sweet Sounds was second and First Principal third. Seven horses ran.

Cynical was first, Faisan Dor second and Claqueue third in the race for the Marlbernugh stakes of 500 sovereigns.

Thought that the knowledge that the animals are used for this purpose will have a moral effect in clearing out the robbers.

New York May 18.—Despite a drizzling rain and a frack that was deep in mud, there was a large crowd on hand at Morris Park today to witness the running of the rich national stallion race, thirl on the programme. The favorite, two-year-old Cunard, coupled with Golden Cottage, at 6 to 5 in the betting, won, ridden out, from Carroll D., an outsider, at 60 to 1, by one length. Thirteen two-year-olds faced the starter in the national stallion, Cunard and Golden Cottage closing favorites, while Firing Line, Saturday. The Murphy Stable, Blanch Harriman and Dean Swift were the best supported of the others. On the first break they were sent off to a good start. McDowell, Cunard, Firing Line and Carroll D. alternated in the leaf at different parts of the journey and through the last furlong Cunard, McDowell and Carroll D. can neck and neck. Nearing the wire O'Connor, on Cunard, drew away and won by a length, Carroll D. beating McDowell as a sorrowing wife, two children and two brothers to mourn their sad loss.

New Haven, May 18.—The annual spring regatta of the Yale navy was held this afternoon during the rain on Lake Whitney. It was unusually successful. The feature of the regatta was the victory of the Yale freshman crew over the Columbia freshman crew over

eighths mile course.

The final race was a triple event between the seniors, the freshmen and the sophomore crews. The freshmen crew won it, thus securing the class championship as well as a victory over Columbia. The time of the race was 4.23 2-5. In this race Howe, the stroke of the senior boat, broke his oar and had to jump out of the boat.

Good College Events.

ton and Columbia universities met today at the annual dual track and field games a Columbia oval and the Tigers won, scoring 64½ points against 39½ for Columbia. A more dreary afternoon for outdoor sports could not have been possible while the 13 events on the programme were being contested. In the field events the Princeton men won four out of five. Dewitt won the hammer and shot, Curtiss won the running high jump and Norton and Coleman took first and second honors at pole vaulting after they had tied at 10 feet 9 inches, Norton winning out with a vault of 10 feet 11½ inches. In the hammer throw Dewitt sent the missile a distance of 156 feet 6 inches. This beats the inter-collegiate record of 154 feet 4½ inches held by Plaw, of California, but does not come near the collegiate record of 156 feet
