FOUR OUT OF FIVE SONS WEAR KHAKI

Mr. and Mrs. John Hayes Set Noble Example

DEATH OF E. J. REID NOW CONFIRMED

North End Men Fell With Greater Part of Princess Patricias in Glorious Fight of May 8 - John Beckwith a Prisoner But Exchanged.

Wednesday, Nov. 1. Can a family be found anywhere in Canada that is doing more for the empire than that of Mr. and Mrs. John Hayes, 86 Marsh road?' Of the five boys in the family, two are at the front, two others are in uniform, and the fifth is regretting that he has not yet attained the age to make him eligible. He hopes that he may yet be with his

Frank and Charles Hayes went from here with the 26th battalion, and both have seen engagements. They write home that they are highly contented with their lot. "Everything is fine," Charles writes, "but the nights are domned cold."

Joseph has enlisted with the 104th. and William has just recently signed on in the ranks of Lieutenant-Colonel Wedderburn's regiment, the 115th.

Mr. and Mrs. Hayes are both well satisfied with the showing the family has made. They are both interested in the progress of the war and they read eagerly day by day what the Cana

ON HAY QUESTION

F. B. Carvell, Esq., Woodstock (N. B.) ed to a letter which appears in this week's issue of the Carleton Sentinel, and which has been consied by the St. John Times and Telegraph, in charge that the hav company in which am interested are not giving the farmer of Carleton and Victoria a price in line with that we are receiving from the de partment, and the profits made by our company are excessive. To sum up your contention you say our company get \$23 per ton for hay compressed in the war bale at West St. John. At the same time you furnish figures according to you calculations, to show that the cost of this hay so compressed would not exceed \$18 per ton at vessel side. West St. John which shows an actual profit to our com pany of \$5 per ton. You also say you are a farmer and know what you ar talking about.

I have just been in communication with our company at West St. John, and I am pleased to say they have authorized me to make you the following offer: We will pay you \$18 per ton for 15-000 tons of loose pressed hay delivered in Shed 14, West St. John, as required by our plant during the months of December, January, February, and March. This you will see is the price which you claim

the hav will cost us compressed in the This hay will be subject to government inspection at West St. John exact-ly in accordance with the specifications ontained in our contract. to you until Dec. I and if you decide to

accept, will arrange to meet you at Woodstock and execute a contract in roper form and make necessary deposit If statements contained in your letter be correct, this price will afford you chance to give practical evidence the justice of your claim. The opportunity is yours! Be a rhan for once in your life and accept, on say frankly to the farmers of Carleton and Victoria that you deliberately a ttempted to de-

ceive them. You agree that the cost of compressing \$3 per ton: the cost of our plant to do this work is \$1.50 per ton; this added to the \$18 I will pay for the loose bale hay is \$22.50, thus leaving to our company 50 cents a ton to pay insurance and other sundry expenses. The public will not be slow to pass proper judgment upon your nefarious attempt to again place yourself in the limelight, neither will the farmers fail to understand who has on every occasion gwarded their in-terests and built up their marketwhether it was F. B. Carvell, who paid them & per ton loose for their Itay during the South African War, or B. F. Smith, whose efforts made it possible for them to obtain \$18 per ton in the year 1915.

The offer contained in this letter, remember, will be left open until Dec. as our arrangements with the department will admit of no delay. Awaiting your reply,
I am, yours truly,
B. F. SMITH
