WE request the Ladies to call at No. 11, North Side King's Square, St. John, and judge from personal examination whether it is any exageration to say that RAYMOND'S SEWING MACHINES are the simplest, most durable, least liable to get out of order, and most easily worked of any; and that his FAMILY SINGER

will do a greater variety of work than any other Machine. The universal adaptation, un-equaled beauty and simplicity, perfection of material and style of finish, recommend his several varieties of SEWING MACHINES

as the best, while their low price places them within the reach of all.

AT Machines rented and sold by instalments. Stitching, hemming, frilling, and tucking, done with neatness and despatch.

WE have already drawn attention to the annual meeting of the Society of Arts held on the 23rd current, under the presidentship of M. Th. de Saus-ure, and are now able to furnish some further details.

Professor Soret, in delivering a most interesting report, passed in review the operations of the Industrial section, in reference to Commerce Laying great stress months competitive. the Industrial section, in reference to Ci merce, laying great stress upon the competit that has taken place in the manufacture chronometers. This competition was institut with the object of testing the workmanship a precision of chronometers turned out by Gen vese manufacturers, and none but those adopt for pocket use were admitted. They were doposited in charge of the authorities at the O servatory, and underwent the most searchit ordeal possible to be applied to pocket instruments of this class. The jury specially retaine to decide the difficult question as to whom to sward the palm of excellency unanimously defided in favor of Messra. J. M. Badollet & Collis firm having carried off the sole prize by axhibiting a chronometer which fulfilled in the ighest degree every condition required, crowning the first success by earlies housened.
