## THE HERALD. TUESDAY, NOVEMBER 28TH, 1916

The British Red Cross Fund in Ontario has now reached a total of \$1,600,000.

Last year was the first in the history of Canada when there was a trade balance in favor of the country.

A Royal proclamation announces that henceforth gold, silver and paper money, securities, cheques, drafts, letters of credit and any negotiable instruments or documents relating to the transfer of money, credit or securities will be treated as contraband of war.

ONTARIO has been satisfied with an annual tax upon its nickel production of \$40,000 a year, when at 3 per cent, upon the revenue the income would be \$450,000. If ever there was an international institution which should be soaked in the interests of Canada or the province, it is the nickel producing company.—Kingston Whig.

### THE NICKEL QUESTION.

Toronto, November 25.—More light continues to be shed on the nickel question, and more and more does the government show up unfavorably. Among the public men who have discussed the question within the last few days are the Rt. Hon. Sir Wilfrid Laurier, Mr. N. W. Rowell, K.C., M.P.P., Hon. A. E. Kemp and Hon. Arthur Meighen. The last two were on the defensive for the Governments, but they were laboring under tremendous difficulties and failed completely to shift the burden of responsibility.  
Sir Wilfrid Laurier at Ottawa was most emphatic that in view of the statements that the "Deutschland" on her second trip to Germany was again carrying Canadian nickel, more thorough assurances than had been given up to the present should be given by the government on the point.  
Mr. Rowell, at the annual meeting of the General Reform Association, as well as in Tilsonburg, showed how the Ontario Government had been remiss in the matter on two fundamental points. First, they had voted down the Opposition's proposal that the production and sale of nickel in the province should be under government control, and secondly they had voted down the Opposition's resolution that the International Nickel Company should be taxed in accordance with the law and not allowed to escape with a paltry sum.  
Mr. Dewart created a sensation by reading letters which he said showed that the International Nickel Company on their own admission in a letter written by their General Manager of Sales stated they were handling all their export business of metallic nickel through their London agents, and Mr. Dewart showed that this agent company had been dealing with the enemy, quoting a judgment of the Admiralty Prize Court in proof of his statement.  
The Toronto World (Conservative) commenting on Mr. Dewart's speech, said, "the startling charges of Mr. Dewart must be proved to the bottom." \* \* \* The flow of Canadian nickel to German munition works must be stopped. The men responsible for it must be punished and all the nickel plated Cabinet ministers must be retired to private life. \* \* \* Hon. Frank Cochrane has close affiliation with the men who control the nickel trust and Mr. Hearst and Mr. Ferguson are his appointees.

### Our Forest Products.

The state of Canada's trade in timber since the war is a matter of the greatest importance to our citizens. The figures for the calendar years 1914 and 1915 are given in the bulletins of the Forestry Branch of the Department of the Interior. The subject is divided in this way: Lumber is dealt with in Bulletin 58A; pulp and pulpwod in 58B; and poles and cross-ties in 58C. Any citizen interested who has not received a copy of any of these bulletins may secure one free by writing to the Director of Forestry, Ottawa.

## BUCHAREST IN DANGER

Teuton Generals Have Joined Forces in Big Offensive.

Situation in Roumania Becomes Critical, General von Falkenhayn's Troops Having Gained the Railroad at Craiova—The Invaders Are now at Alexandria Which is About Fifty Miles From Roumanian Capital.

LONDON, Nov. 27.—The situation in Roumania as described in Sunday's news shows that Gen. von Falkenhayn's forces, having gained the railway at Craiova, have rapidly pushed to the southeast, and are, according to German official account, already in touch with Field Marshal von Mackensen's force which crossed the Danube at Zimnita and advanced with equal rapidity and are now before Alexandria.

The German reports do not state where the two forces joined hands, but say that the route leading eastward from the Alt River are encumbered with fleeing Roumanian supply columns, and marked by burning villages.

The Roumanian official communication to a large extent corroborates this news by reporting an engagement with an enemy column advancing towards Roshiori de Vede on the railway a little north of Alexandria. Thus the central forces are now within 50 miles of Bucharest, which is threatened from the west, north, and south.

The German communiqué also brings the interesting news that Field Marshal von Mackensen is personally commanding the movement across the Danube. There is no indication yet, however, as to what strength he has been able to put into this sector, but his movement seems to confirm the impression previously formed that his latest withdrawal into Dobrudja was voluntary in order to assemble forces for the Danube crossing. Neither is anything definite known as to whether Gen. von Falkenhayn has transferred any considerable portion of the forces lately engaged in forcing the Red Tower and other Transylvanian passes to the operations through Vulcan Pass.

Should Roumania be driven to defend the line running north and south from the mountains between Red Tower and Toersburg Passes to the Danube, in order to protect Bucharest, military critics here consider that her position would be extremely critical. It is hoped, however, that Russia has been able to send sufficient reinforcements to relieve Roumania of the necessity of devoting large forces to the defense of her northern and Dobrudja frontiers, and that she will have sufficient strong forces to carry on an effective fight in the Wallachian plain.

### Aliens Want Votes.

KITCHENER, Nov. 27.—At the general sessions of the peace on December 12th 204 applications for naturalization will be submitted to Senior Judge Hanning, 197 of which are made by aliens of enemy birth. Of this number 61 came from Germany, many of whom have resided in this city for years, and have exercised their franchise: 24 from Austria, nine from Bulgaria, three from Turkey. The other applicants originate from Russia, the United States, and Belgium.

Representatives of the Citizens' League, which has been organized to have the former name of this city restored after the next municipal elections, have canvassed the aliens who are so designated in this year's voters' lists with a view to securing the franchise for them to exercise in the coming election.

### Would Muzzle Press.

BERLIN, Nov. 27.—Dr. Helfferich, secretary of the interior, during the course of the discussion of the budget before the committee of the reichstag Saturday, combatted a suggestion looking to the suppression of the importance of the newspapers. He said the government recognized the necessity of keeping alive even the smaller newspapers during the war, and had already taken steps to facilitate their continuance. Where local officials showed want of appreciation of the importance of the newspapers, he continued, this would prove without significance, as all local authorities could be controlled by uniform instructions from the War Office.

### French Obtain Freedom.

PARIS, Nov. 27.—Twenty thousand French civilians, mostly old men, women, and children, from the occupied districts of France, are about to be sent to France from Germany. Trains, each carrying 500 persons, will effect the transportation to Switzerland, en route to this country before Christmas. This is in accordance with an agreement between France and Germany for the exchange of civilian prisoners.

### Zeppelin Was Wrecked.

LONDON, Nov. 27.—The wrecking of a super-zeppelin in a storm on Tuesday is reported by travelers reaching Amsterdam from Munich, says an Exchange Telegram despatch from Amsterdam. They report there was only one survivor of the crew of 28.

The zeppelin is said to have been on the way from Friedrichshaven to Wilhelmshaven on its first voyage, when it was blown out of its course and fell in the woods near Mainz.

### Sir Sam on Holiday.

OTTAWA, Nov. 27.—Lieutenant-General Sir Sam Hughes, M.P., left Sunday night for Lindsay, and in a few days will proceed to the Southern States on a motor trip, accompanied by members of his family. The ex-Minister has been occupied since his leaving the department in attending to personal business, and now feels free for a holiday. Sir Sam will be away from Ottawa for a couple of weeks.

## GREECE JOINS ALLIES

Provisional Government Moves Against Central Powers.

Former Premier Venizelos Defies Bulgaria and Germany—The Entente Allies Have Delivered Ultimatum Requiring Greek Government to Deliver All Arms and Guns Within a Week.

ATHENS, Nov. 26.—The Greek provisional government composed of followers of Former Premier Venizelos has formally declared war on Germany and Bulgaria.

The Venizelist circles assert that the provisional government declared war against Bulgaria to prevent the entry of the Venizelist forces into the campaign from being interpreted as a political manoeuvre. In view of the fact that the Allies consider the Salonica armistice as the government de facto, Greece is now virtually at war with Bulgaria.

The provisional government has also declared war on Germany because it torpedoes ships carrying national forces and partisans of the provisional government.

The Entente Allies have delivered an ultimatum to Greece requiring delivery of Greek arms and guns, which was demanded recently.

The ultimatum, which comes from Vice-Admiral Du Fournet, commander of the allied squadron, while allowing only a short period in which the arms now in the country to be surrendered, declares willingness to grant a longer time for delivery of war materials in Thessaly and Macedonia. The shortest time allotted is 48 hours, and longest one week. Unaltered demand is complied with, the Admiral declares, he will take measures calculated to induce compliance with it, progressing in severity if the delay increases.

The first delivery of arms demanded of the Greek Government by Vice-Admiral Du Fournet consists of ten batteries of mountain artillery. The demand declares that failure to comply with it before Dec. 1 will result in measures being taken by the admiral.

Admiral Du Fournet's latest note fixing a brief period in which Greek arms are to be surrendered greatly excited the people of Athens. The Premier informally explained that the admiral, in reply to the government's refusal of his demand, brushed aside the reasons for this refusal and simply set December 1 as the date for the surrender of the artillery required by the admiral, and as the date for the surrender of rifles.

According to the diplomatic representatives of the Entente powers the time allowed would enable the Greek Government to reflect with mature deliberation before making its decision.

### New Railroad Line.

NIAGARA FALLS, Ont., Nov. 27.—Engineer Stanley, of the Hydro Commission has announced that when the Hydro-Rail line is built to Niagara Falls from St. Catharines, it will enter this city at a point between Stamford and Southend. It will be four miles shorter than the Niagara, St. Catharines and Toronto Railway line, now operated between the two cities, and 1 1/2 miles shorter than the Great Trunk. The line will take in Merritt, Thorold and Stamford. No by-law will be submitted here at the coming elections, the plan being to merely submit by-laws to the municipalities between St. Catharines and Port Credit. This move is looked upon here as an evidence that the Hydro will not consent to buy the Niagara, St. Catharines and Toronto line, which project has been spoken of. Niagara Falls with an assessment of \$9,000,000 will not be called upon to guarantee as much towards the Hydro-Rail as St. Catharines, with \$13,000,000, the share of that city being placed at \$633,000.

### Raiders Driven Off.

LONDON, Nov. 27.—A raid by six German torpedo-boat destroyers on the English coast, which took place on Thursday night, was announced in an official statement Sunday. The raid was ineffective, according to the statement, which declares that the six German destroyers participating in it steamed away quickly after firing a dozen rounds, one shell striking a vessel, but causing little damage and no injury to the crew. Apparently the raiders were operating in the vicinity of Ramsgate, on the coast about fifteen miles north of Dover. The official announcement reads: "Six German destroyers during the night of Thursday attempted to approach the north end of the Downs, but were seen by a patrol vessel. The enemy fired about twelve rounds and quickly steamed off at once. One shell hit a drifter without injuring any of the crew and only damaging her upper works. No shells fell anywhere near the open town of Ramsgate."

### No Prisoners Taken.

ST. JOHN'S, Nfld., Nov. 27.—Governor Davidson publishes an official statement from the War Office intimating that enquiries were made through the American embassy at Berlin respecting 150 Newfoundland soldiers missing after the opening of the battle of the Somme on July 1, in which the Newfoundland regiment was decimated, discloses that none of these Newfoundlanders are prisoners in Germany, hence they are now posted officially as believed to be killed.

### Duke is Chief Boy Scout.

OTTAWA, Nov. 27.—His Excellency the Duke of Devonshire has accepted the office of chief scout of the Boy Scouts' Association in Canada, and is the third Governor-General to occupy the position. The Duke has expressed a desire to ally himself with the movement to the fullest extent.

### Sir Herbert Tree, the knight actor,

gave a delightful talk before the Canadian Club at Toronto.

The largest and most successful meeting of the General Reform Association of Ontario which has been held for years was the one on November 24th. Concentration on winning the war, criticism of the government for its failure to handle the war situation adequately or even harmoniously within its own Cabinet and the Nickel question were the principal features of the day's discussion. Mr. E. M. Macdonald, M.P., of Picton, N.S., Hon. George Graham and Mr. N. W. Rowell were the leading speakers. Mr. George Gibbons presented greetings from the Liberal Club Federation of Ontario. Mr. A. J. Young was re-elected President of the Association.

### \$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.  
Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.
