The find of remaylvanta Workmen.

Wilkssahre, Pa., Oct. 10.—The workmen engaged in building a branch railroad at Plains Township, three miles from here, made a curious find yesterday. After making a blast in a shelly rock they found what appears to be the bodies of two well-preserved animals. They also found the petrified head of a monster stalke. The specimens will weigh 200 hounds each. One of them has the perfect head and features of a bear, while the other is a strange looking Saurian monster with a mouth resembling that of a frog.

—It is just as esential that the human body should have pure blood, as that a tree or plant should have sap to nourish and invigorate its growth. Nearly all our bodily ills arise from unhealthy blood. Burdock Blood Bitters purifies this fountain of life, and regulates all the vital organs to a healthy action. 246 More Boodlers Skip.

New York, Oct. 9.—It is rumored that ex-Ald. Kirk and Sayles, two of the indicated boodle aldermen, have left the city for parts unknown. It is said that after their trials were fixed they went to Kirk's Long Island residence, there taking a yacht which enabled them to board a sailing vessel for some foreign port. District Attorney Martine refuses to believe the report.

Some of the prettiest young lady clerks in the national treasury department are said to have been honored during Secretary Spinner's incumbency by having their features given to some of the goddesses that grace the currency; but the portrait of Martha Washington and an idealized head of Dolly Madison are the only accredited portraits of distinguished women that have been discovered.

cured by taking Ayer's Sarsaparilla. **I have always been more or less troubled with Serofula, but never's seriously until the spring of 1882. At that time I took a severe cold in my head, which, notwith standing all efforts to che grew worse, and finally became a chronic Catarrh. It was accompanied with terrible head aches, deafness, a coutinual coughing, and with great soreness of the lungs. My throat and stomach were to polluted with the mass of corruption from my head that Loss of Appetite Dyspepsia, and Emaciation totally unfitted me for business. I tried many of the so-called specifics for this disease, but obtained no relief until I commenced taking Ayer's Sarsaparilla. After using two bottles of this medicine, I noticed an improvement in my condition. When I had taken six bottles all traces of Catarrh disappeared, and my health was completely restored.
