*Howley Major*  
President, Standing Court-Martial

BY THE PROSECUTOR: Mr. President, I received information before the Court opened this morning that the accused had turned in a very considerable number of articles listed the in/charge sheet, leaving only a small number that he is still deficient. I understand the accused has the reaming articles at home and he is going to return them within the next few days. In view of that I would request the Court to withdraw the second charge against this accused, sir.

BY THE COURT: The second charge will be accordingly withdrawn.

---Second charge is withdrawsn.
