
The Charm of the Wild

set up court for themselves. But the man of affairs cannot spare time to roam the high seas in search of a monarchless island no matter how much he longs to sway the sceptre.

On the border line between the provinces of Ontario and Manitoba and the state of Minnesota there lies a lake with the fascinating name of the "Lake of the Woods."

It stretches away from wooded shores to thousands of little islands on many of which wealthy people have already established miniature kingdoms in the shape of beautiful summer residences.
