

No. 10

Railroad Forge

An Old Friend

In a New Dress

(Open)

We illustrate herewith a forge equipped with the same blower and hearth as our well known No. 625 Forge, but more adapted to rough handling.

Tools can be locked in the hearth at night, and lever removed.

Railroad Contractors and Bridge Builders will find this outfit very convenient and strong.

Height to top of bowl 31 in.; size of hearth 18 in. x 18 in.; weight 125 lbs.
